

Good evening, Lake Forest High School. Please continue for our weekly updates.

First, thank you and congratulations to all 11th grade students. The administration of the SAT was a success. Students in SAT Prep Enrichment classes completed 1,303 hours of work in Khan Academy. Thank you to all SAT enrichment teachers for helping prepare our students for this day.

Friday was the last day of marking period three. Grades are closed and report cards will be available in HAC on March 30th. There is one more marking period remaining in the 2022-23 school year. Please remember there is no school on Monday, March 27th, as this is a professional development day.

Seniors, scholarships, awards and any recognition letters/verifications need to be submitted to Mrs. Jacobs no later than May 24th if you want them included in the graduation program. See Mrs. Jacobs in the Guidance Office with questions. There will also be another class dues collection event on March 30th.

Yearbooks will remain on sale for all students until March 31st. The cost of a yearbook is \$60. Please visit www.yearbookordercenter.com school code 4784.

The nomination period for [Education Support Professional of The Year \(ESPOY\)](#) is open through March 31st. Consider nominating one of our amazing support staff for all they do.

A message from the superintendent's office about two upcoming events: Don't forget to set aside May 6, 2023 for a couple of VERY important events. I Love Lake Forest Day is at Lake Forest High School, and a referendum election will be held at North, South and Central Elementary Schools and the Frederica Firehouse. Come to the High School for some great food, fun, and entertainment and then vote YES to help Lake Forest remain the model of excellence in education!

Finally, a list of upcoming important dates and events is included in the text and email associated with this message.

That is all we have for you this evening. Thank you and stay safe.
