

Using your knowledges and the information you have selected to write an article having as theme the Easter traditions in different parts of Greece.

Remember that a realistic article should consist of:
1. an eye-catching title - which suggests the theme of the article.
2. an introduction - which clearly defines the topic to be covered.
3. the main body - in which the topic is further developed in detail.
4. the conclusion - your recommendations or comments.

Brainstorm your ideas and **make notes** of what you are going to include:

Unique destinations for Easter period

- what to expect,
- how to go there,
- where to stay,
- where and what to eat,

Use photos of each place, traditions and customs, festivities that carried on there, during the celebration of Orthodox Easter in Greece.
