

Immigration in General:

I'm a constituent, writing today because Donald Trump's bigoted immigration agenda is un-American and dangerous. We are a nation of immigrants. It's something that makes us great. We always pay a price when we forget that. And because of our unique identity, the people Trump is scapegoating are our friends and neighbors. He is going to hurt people in our communities. We need real immigration reform, not deportation forces kicking down innocent families' doors in the middle of the night. We elected Representative / Senator _____ to do what's right, and thus we urge them to oppose and obstruct destructive policies and nominees.

Trump's Border Wall:

I'm a constituent of Representative / Senator _____ writing today with a very simple message: Mexico's not going to pay for Trump's wall, and I'm not either. I want real immigration reform, not some \$20 billion stunt that threatens and demeans millions of American and Mexican citizens. I don't want a single cent of my hard-earned money wasted on this when there are so many real issues we have to take on. I'd like Representative / Senator _____ to oppose any and all taxpayer funding for Trump's wall.

Travel Bans / Muslim Registry:

I'm a constituent of Representative / Senator _____. I'm writing today because Donald Trump's fear-mongering against Muslims scares me. People have always come to this country for religious freedom. The way he demonizes them is un-American. And it leads to people getting hurt, including our friends and neighbors and fellow citizens. I want _____ to do everything in their power to block and defund policies like travel bans and Muslim registries that discriminate against people based on their religion.
