Open Sourced Website Feedback

(Last updated 9 September 2022)

MAKE COPY OF THIS DOCUMENT BEFORE EDITING IT

Use the following instructions to help guide you as your group helps collate and take in feedback from the rest of your classmates around the course design, materials, and facilitation.

We will gather feedback in modules so that the content remains fresh and we can quickly make adjustments that may be applicable to subsequent modules. Work with your [assigned](#) groups/ pair share (found on Canvas).

Below is a template that can be used in addition to the assignment Discussion Board that your classmates/ colleagues. *You may want to copy and paste this template into a new Google Document that can be shared with the rest of your classmates.*

You may want to review specific feedback from the feedback form first to pre-fill this document vs. making it completely open (to lead to richer, more pointed conversations).

✨ **INTERACTIVE/ DISCUSSION** ✨

This is where we'd like to focus our time. Please react to what you think could be improved so we can make some updates to the past module.

Please spend 8 minutes individually reviewing/ commenting so we can discuss as a team.

The list below was pre-populated with highlights for where we'd like to dig in deeper (feel free to add or amend as necessary)

- Use 🛑 for things we should discontinue
- Use 🚧 for things we should build out
- Use ✅ for things we should continue
