Wrangler Seat Covers

Your truck is built to last, to take a beating and endure the daily wear and tear on it. Your seat covers need to be built the same, with high quality materials that will last. Your seats need protection from dirt, spills, kids, pets and more.

Seat Covers Unlimited has been the best option for truck seat covers for over 35 years for many reasons:

- **Largest selection of high quality fabrics to protect your seats against rugged use for years longer than the competition**
- **Order direct from the largest U.S. manufacturer and cut out third party resellers who aren't seat cover experts**
- **Each cover is created to fit the year, make and model for your specific truck**
- **Available in two coverage packages to fit your budget**
- **Best installation methods to accommodate your truck's seats**

Get started below with our best selling truck seat covers. The most popular fabrics include Leatherette, Canvas Cordura, Camo or camouflage, Dorchester, Scottsdale, Neo-Sport and Saddle blanket

Why Purchase a Set of Seat Covers?

Your auto seats need protection from kids, pets, and just everyday use not to mention the abuse that a work vehicle gets. We have found that all vehicles benefit from having their seats protected. In fact many car resellers have said that when they buy a used car, truck or SUV the first thing they look for before they open the hood is the interior. If it has been well cared for then chances are the mechanical portion of the car will have been cared for as well. In spending time at car dealerships, talking with sales managers, we have found that

many of their customers are unhappy with the light colors being used in new vehicles today. As a result they refer many of their customers to us so that we can build them a nice looking set of covers to protect their seats without losing the good looks of their brand new car, truck or Suv. The amount most people recoup in resale is many times over the cost of a set of good quality seat covers making it a no brainer to get them covered.

Your seats also need protection from the suns UV rays, food and drink spills, sliding in and out of your vehicle, etc. Your auto is one of your biggest investments so you'll want to make sure that you invest in adequate protection for your seats, floor and dashboard.

Our huge selection includes seat covers for all the popular cars, trucks, and SUVs - from Ford and Chevy to Honda and Toyota and many more. These full-fabric covers have an additional 3/8" foam backing for added comfort, fit, and durability, and it all starts at just $69 per pair.

At Seat Covers Unlimited we have been manufacturing these products for over 25 years. We are committed to providing the best seat covers at the best prices, even for those vehicles that are normally very hard to fit. If you have any questions about or seat covers or have a particularly unique vehicle, contact us today to find out what we can do for you.

ABOUT OUR PRODUCTS

We have been manufacturing seat covers & accessories for over 25 years. We started our company with several main focuses:

1. To make seat covers that would fit almost any year make and model.
2. To use durable upholstery style fabrics. (Not the cheap 2-4 dollar range fabrics that most companies use) (GIGO=Garbage in garbage out)
3. To add comfort to most of our seat cover fabrics by adding a 3/8 inch foam backing
4. To offer a Full Custom full fabric back on almost all fabrics we use, instead of the prevalent nylon stretch back thus providing a better fit and years more use.
5. And to offer a huge selection of choices to fit any customers tastes.

Why are we so focused on quality? Answer: The consumer today respects and demands it. Customers want a seat cover that looks good, fits good, and lasts for the time that they keep their vehicle. They are tired of having a cover that slides all over their seat. We have also received many compliments from customers on the increased resale value that covering their seats brings.

We at Seat Covers Unlimited also knew that we would be around for many years to come if we provided a quality product. Our pattern makers are the best in the business. We began manufacturing full fabric back seat covers when most of the other companies said it could not be done. Therefore our pattern line is much more comprehensive. We likely have the most complete pattern line available for cars, trucks, and sport utility vehicles. Most other seat cover companies are shy when it comes to making seat covers for hard to fit seat configurations - we enjoy the challenge. Many seat cover companies have come and gone since we started because they were focused solely on their bottom line and quantity instead of quality.

If your vehicle is not listed don't worry just pick up the phone and call us 1-888-410-5050 and we will let you know if we have a pattern for your year, make, and model or we'll search for a vehicle to obtain a pattern for you:

We take pride in the fact that once you become a customer of Seat Covers Unlimited you will use us anytime you buy a new or used vehicle. Try us once and you'll be a customer for life.

Our seat cover manufacturing facility is located in sunny Mesa, Arizona. We have consistently grown at a rate of 10-15% every year.

FREQUENTLY ASKED QUESTIONS

How do I install my seat covers?

Click here for installation instructions

Will Seat Covers work on Seats with Side Airbags?

We keep hearing from people that the Dealership told them they can't put Seat Covers on their car cause it has side airbags. Seat Covers can be installed on Vehicles with Side Airbags. We Custom make our covers from scratch for each individual vehicles specifications. We implement our SafeStich™ technology for every vehicle that has air bags in the seat.

As you can see in the video, we have tried and tested them, with 100% success.

How long is the production time for my custom seat covers?

Every order is custom made to fit the specific vehicle, year, fabric and color. With all those variables we manufacture almost all of our covers after order is placed. The order then gets put into production in the order it was received. During most the year we ship covers within 2-3 weeks of the purchase date.

Recently the word has gotten out about our quality! We received a large spike of orders that has pushed back our usual production time. Don't worry you can still get the same great seat covers that will last for years, we've hired in extra staff and we are getting every order out as soon as possible while maintaining our standards of quality.

Based on the current workload, custom seat cover orders that are placed right now should ship out between Fri, June 23 and Mon, July 3

How much do seat covers cost?

It depends on the fabric and if you choose the basic or premium package for your seat cover. The pricing displayed on the home page is the starting price for the basic package.

Some seat styles don't have a premium package available because they don't have any extras available (like a console cover, etc).

Do the seat covers come with a warranty?

The covers are covered free from material flaws or defects with a 1 year warranty on craftsmanship, covering the seams and stitching.

Can I return my covers if I am not satisfied?

If it is a universal cover, the covers can be returned with a return authorization number which is issued from a Seat Covers Unlimited employee.

If it is a Custom, Full Custom, or Tailor Made cover they cannot be returned. These Seat Covers are made from scratch as the orders are placed. We build the covers specifcally for your vehicles year, make, model, seat style, seat options, in the fabric of your choice, and in the color you select. If there is a problem with the fit in any way, we will accept the return for alterations or replacement only. A return authorization number will first need to be issued.

Products must be in resellable condition and in the original packaging. Refunds are subject to a restocking fee.

What vehicles do you make seat covers for?

We manufacture seat covers for all Cars, Trucks, and SUV's. Our database goes back to models from the50's and 60's to brand new vehicles this year. With questions of any other type of vehicle send us an email.

How can I check on my order?
Go to the contact page and send an email with your name, phone number, and date you placed the order.

What payment methods do you accept?
We accept Credit and Debit. Visa, Mastercard, Discover and American Express. We also

accept Paypal, Checks, and Money Orders as well. After payment is received, we will start to build your covers.

What is the difference between Universal and Tailor Made seat covers?

Universal covers are a standard size cover which will only fit a few different seat styles. They are not made for any specific vehicle. There are no guarantees how well it will fit. If Universal Fit isn't enabled after entering your vehicles Year Make and Model on any given fabric page, it could be for various reasons such as, the seats having side airbags, integrated seat belts, split bench configurations, or simply that your seat is too wide or too tall for a Universal.

Tailor Made seat covers are very similar to the Full Custom Fit option as they are a guaranteed fit, they come with the full fabric backing, and allow the option of adding back map pockets. Tailor Made has extra seams and extra paneling to the seat cover. This makes the Tailor Made Cover a little more 3 Dimensional which makes for the Ultimate Fit. Tailor Made options are generally a little more expensive as more sewing and paneling are involved to piece the seat covers together.
