

DT-9919 Professional Digital Multimeter

True, RMS, AC/DC voltage and current measurements, 40000 counts resolution and a 0.05% basic DC accuracy within the reach of more customers. The large LCD display with analog bargraph and backlit ensure that readings are easy to read under all circumstances.

9918 and 9919 have True RMS AC Voltage and Current readings, MAX-MIN recording, Peak recording, as well as Frequency and Capacitance ranges.

All inputs are protected to EN610101-1 CATTIV 600V/CATIII 1000V.

9919 accuracy is stated high resolution for 40000 counts.
