

Study

What are some of the key features of the practice of study?

How is the communal practice of study different than studying for a course?

Consider the questions posed at the end of the study video.
Write down any initial thoughts or responses that you have.

- What positions have you rethought or changed your mind about in the last few years? What does this say about you and your openness to learning?
- How do you respond when you hear an opinion that you do not agree with?
- Who can you identify that exemplifies a person with a teachable heart? What is one thing you could do to be more like them?
