

Harrison Township

In 1817, Harrison Township was formed from a part of Sandy Township in Stark County. The township originally was within Stark County until the formation of Carroll County on Christmas Day 1832. It had all of the original surveyed township 15, range 6 of the Old Seven Ranges, until the county commissioners took four and one-half sections in the formation of Centre (later Center) township. The highest point in the township is the hill immediately east and adjacent to New Harrisburg. A geodetic benchmark was placed on this hill in the 1930s and the altitude at this marker is 1283 ft above sea level. The township is governed by a three-member board of trustees, who are elected in November of odd-numbered years to a four-year term beginning on the following January 1. Two are elected in the year after the presidential election and one is elected in the year before it. There is also an elected township fiscal officer, who serves a four-year term beginning on April 1 of the year after the election, which is held in November of the year before the presidential election. Vacancies in the fiscal officer ship or on the board of trustees are filled by the remaining trustees.
