Hi CHAOSScast panelists,

🙏 Please reply with a "Yes" or "No", if you are available and interested. / Please answer this Doodle to indicate your availability and interest:

🗣 Tentative recording date: **August 2, 2022 at 10am CDT** (8am PDT; 17:00 CET).

🎯 Our guests will be Chris and Trevor from the data science team at Arnica who performed research on how [the 250 most-starred Github repos protect their code](#). We will discuss how they did the analysis and what they learned about open source projects.

📄 Episode planning document:

Thanks,
Georg
