

# Reversal Tricks

## Right-Handed Students

Prepared by: Caroline Radlinger, OTR

| <b>Number 2</b>   | <b>Number 3</b>   |
|---|---|
|  <p style="font-size: small;">Hold your pencil in your hand,<br/>And watch what I can do.<br/>Around my finger just like this . . .</p> <p style="font-size: small;">. . . to form the number two.</p> |  <p style="font-size: small;">Go around. Backtrack a pinch.</p> <p style="font-size: small;">Around again. "3" is a cinch!</p>                        |
| <b>Number 4</b>   | <b>Number 5</b>   |
|  <p style="font-size: small;">Make an "L."</p> <p style="font-size: small;">4 Add a long line.<br/>Making a "4" is mighty fine.</p>   |  <p style="font-size: small;">Down...<br/>Around...</p> <p style="font-size: small;">5 Now add<br/>a hat.<br/>There's your "5"<br/>Imagine that!</p> |
| <b>Number 6</b>   |   |
|  <p style="font-size: small;">Make a "C" with<br/>your left hand.<br/>Trace the c then add<br/>a hoop.</p>   |   |
| <b>Number 7</b>   | <b>Number 9</b>   |
|  <p style="font-size: small;">Run away...<br/>then down and then<br/>you're done.<br/>Making a "7" sure is fun.</p>  |  <p style="font-size: small;">Making a "9" is fun and quick.<br/>Make a circle...<br/>... then a stick.</p>   |
