

Dear Parents

It's been observed that students are going early from the school, which affects the working of the school and students. If your child is sick or there is a function at home, please make a conscious decision about sending your ward to school as , normally, the school does not grant a half day leave for children.

Kindly note, Half days and short leaves are not granted to students. Only in case of Medical emergency or any family urgency due to some demises kids are allowed for the half day.

Looking forward to your kind Support and cooperation

Warm Regards
Principal
