

THE EASY MANUAL WAY TO WEALTH

There are two things you need to get wealth:
Vision 2) Belief

Now there is another factor that comes
before that and that is to specialize.

Now that I have done that I have two secrets working for me.

Now I did not say it was a certainty or guaranteed.

However the two proven secrets are enough to guarantee you will make money.

Now if I go into what I see on the net this will be long so to the point as much as possible.

I have been here over 10 years so I will try to be as direct as possible.

Three things are needed here.

To be rich you have to help someone else get rich.

You need to believe in what you are engaging in and be prepared to help
Propagate it.

Thirdly you must be prepared to fund it.

Most people are only interested in promoting their own products.

They do not think about getting rich.

Our emphasis is on getting better than we were a few days before.

I hardly join programs now. I buy a lot of systems as It upgrades my experience.

This is where you put meat on the bone.

You are thinking about yourself. If there are thoughts of decrease then this is not the page for you. You are not that visionary that this program needs.

Now that sounds like bait so let me put it another way.

The key point is where you are right now does not help this to move forward until you activate your position.

It only becomes about you when you are an active member. Outside of that you are not even a number.

The percentage return is about 1-2%. In order to get impact you need to register yourself
with just £1.00

Not \$1997 or \$997

If you register for a webinar that's what they milk out of your pocket.

Stick around you will get wise.

£1.00 how much of an upgrade is that?

It is nothing. Most programs that I have taken for £1.00 have done nothing for me.
Call it £30.00 or more. The direct debit will hit you before you can say Jack Robinson.

No direct debit is going to hit you here.

Now I am a product creator and my time is limited.

The power is in the system .

I'm showing you how to game the system.

What comes after this is real privilege.

Do you understand what having an income is?

It is much more grander than your 9-5 job.

Do you understand what being the income is?

As long as you have to sell time for money you earn an income.

When you have products of your own you are more the income.

However as long as you have to depend on affiliate sales you are still not the income.

When you earn enough money outside of that sphere then you start getting into the
territory of being the income.

When you own the oil and the whole world is your oyster then you can consider yourself
the source.

That is the closest you can get to the creator.

Say to yourself : I am open to limitless possibilities.
I deserve the millions that I can get from working this project.
Leave foolish penny alone and get pound wise.
