

Program:

Guest speaker Sheilah Benoit CTC (Certified Travel Counselor) presented the advantages of using a travel advisor when planning your next big adventure. Whether you are planning a cruise, international travel, river cruises or journey to a specific location, a travel advisor has many contacts (domestic and internationally) that can only benefit your experience. Planning a family vacation with multiple generations, adventure travel, food & wine, wellness? How about an escorted trip with a large group or an independent escort for a much smaller group. There are no fees to pay to Sheilah as she is compensated by the vendors. Sheilah can be contacted at sheilah@globaltravelcollection.com, direct telephone (713) 499-7114, mobile (713) 294-6155 or visit www.virtuoso.com to explore what Sheilah can do for you.
