

Cheldelin Tile Design Checklist

General Requirements for *Each* Tile

- Created in Adobe Illustrator
- Artboard size: 4 in × 3 in
- Includes Name
- Includes Future Career
- Includes One Meaningful Word
- Includes One Image or Symbol
- UV printing layers are created and on
 - Color - needs to be copied in place
 - Primer, Gloss and White - should be solid 3X4 inch rectangles
- Saved as: FIRSTNAME_LASTNAME_Tile.ai AND FIRSTNAME_LASTNAME_Tile.pdf

Design Quality Requirements

Contrast

- Text color stands out clearly from the background
- Strong contrast between important elements (size, value, weight)
- Background does not overpower the text
- Image edges are clear and not blending into similar colors

Use of Space

- Entire 4 × 3 inch space is used intentionally
- Elements are sized appropriately (not tiny, distorted, or pixelated)
- Layout feels balanced (no awkward gaps or overcrowding)
- Important elements are not too close to the edge unless intentional

Typography

- Fonts are readable
- Clear hierarchy (name largest, meaningful word bold, career smaller)

Image Quality

- Image is clear and not pixelated

- Image colors support the overall design

Color Scheme

- Uses bright, contrasting colors
- Words and images stand out clearly
- The ENTIRE tile has color
