

## **WMHA Installation Trainings: October 7 & 9, 2025**

**Brandon Brown, Northwest Green Homes  
WMHA Workforce Development Task Force Co-Chair**

With a decade of experience in manufactured home sales, Brown has spent the last three years guiding a dedicated team as Sales Manager. Northwest Green Homes specialize in full services packages from home purchase to turning of the keys. Brown is a proud Washington native, husband, devoted dad of three with a passion for adventure. When not selling homes, Brown is riding motorcycles, golfing or camping with the family.

**Jeremy Presnell, Clayton Homes  
WMHA Workforce Development Task Force Co-Chair**

Jeremy Presnell is the National Trainer and Customer Experience Manager for Clayton Homes. He will be working remotely for the Clayton Homes Corporate Office based out of his home in Oregon. His primary focus will be on working with the Clayton Home Building Facilities and Retail Partners here in the Northwest to promote exceptional customer experience. Presnell formerly served with Palm Harbor Homes and has approximately 15 years of experience in the manufactured housing industry.

**Logan Hammon, ECM Homes and Logan Development  
WMHA Board Member and Presenter**

Logan Hammon is the co-owner of ECM Homes, a Palm Harbor dealership located in Kingston. With over 20 years of experience in the construction industry and over a decade working with manufactured housing. Logan is proud to be involved in the manufactured home community in Western Washington. He also runs a full-time set crew and has developed new manufactured home communities from the ground up. To stay involved with his local community, he previously served on the Kitsap County Home Builders Association and is currently on the Kingston Community Advisory Board. With his experience, he has a broad understanding of the many challenges facing manufactured housing.

**Tristen Byers, Logan Development Set Crew**

**Zachary Knight, Logan Development Set Crew**

## Steve “Junior” Randock, The Home Boys

Randock is a member of WMHA, OMHA, IMHA and MT Manufactured Housing and RV Association. Randock has also served on the Oregon, Idaho and Montana board of directors over the years.

The Home Boys has operations in multiple states with the two primary Washington locations in the Spokane Valley and Tri-Cities. Steve Randock Jr. has grown up around the manufactured home industry as his father was also a retailer from the time Junior was born. Junior has done all aspects from set up to service to sales to management. He has been active in the industry for over 35 years.

## Larry Randock, The Home Boys

Larry is co-founder of The Home Boys. Larry runs the site development side and used home division, both purchasing and rehabbing used homes. Larry works with new clients on the development and placing of their new homes from the beginning of their project to the end. Larry grew up in the manufactured housing industry and started by doing set-up and service work for his father, before co-founding Home Boys. Larry has delivered manufactured homes to the Yukon, British Columbia, Alberta, and all over the Pacific Northwest. He is a certified Manufactured Home Installer with both Idaho and Washington.

## Kris Wise, Assistant Manager, The Home Boys, Spokane Valley

Wise began his career in manufactured housing in his late teens as a setup laborer and has since gained hands-on experience in every aspect of the industry. Over the years, he's worked extensively in setup, service, and transport, building a deep understanding of what it takes to keep operations running smoothly. With a well-rounded background, Wise brings practical insight and real-world knowledge to every part of the business.

**Dee Henderson, The Housing Mart  
WMHA Board Member**

Dee Henderson of The Housing Mart has served as General Manager for three years where she manages the Chehalis and Longview branch locations advancing operations, sales, staffing and business development. Dee worked with Gary W. Stoskopf, The Housing Mart, Inc. for five years in sales and sales management. Dee transitioned to General Manager during Gary's last year of ownership and continued as GM for the current owner's Trey Davis, Eric Pucci, Julia Hua Davis and JoAnne Pucci.

Prior to working in the factory-built housing industry, Dee spent her career working in sales and management in various industries (including AT&T Wireless) where she worked as regional manager overseeing six retail locations. Dee attended Western Governor's University for a Business Management degree.

**Charles "Charlie" Parton, LNI FAS SAA & IPIA /  
Certified Installer Program Administrator**

With Washington State L&I since June 2022. Parton is the SAA, IPIA Administrator, and the Manufactured Home Installer Certification Program Manager for the State of Washington.

Parton brings 40+ years of experience in the manufactured housing industry. His background is extensively managing both Engineering and Quality Control departments for individual manufacturer's. His diverse experiences comes from manufacturer work based in Texas, Florida, Indiana, and Washington. Charles is passionate for the manufactured housing industry to expand our horizons and provide safe, durable, and affordable housing for the people in our country.

Parton began his career in manufactured housing in my late teens as a setup laborer and have since gained hands-on experience in every aspect of the industry. Over the years, I've worked extensively in setup, service, and transport, building a deep understanding of what it takes to keep operations running smoothly. With a well-rounded background, Parton brings practical insight and real-world knowledge to every part of the business.
