

# Annual Online Verification

All existing students must have their Infinite Campus information verified and/or updated by a Parent or Guardian before the start of each new school year. The verification/update includes important household and contact information, health, and annual district-required forms.

Updated information is important to ensure your student's needs are met each day at school to promote academic success.

The verification can only be completed by the Parent/Guardian of the student's primary household. If you are unsure of your household status (primary or secondary), please contact the Whitnall District Office at (414) 525-8411.
