Informational Meeting

Principals gave a detailed review of activities at the respective schools. Common focus was on activities undertaken to improve the learning environment. Principals drew a strong connection between student well-being and their ability to learn in the classroom.

Mark Tucker presented the [FY25 Budget](#). Citizens in attendance asked a range of thoughtful questions about components of the budget, and how the education finance system works (or doesn't work!). Of note, is where each of the towns in CCSD is facing increases in the Homestead Tax Rate, the increased spending demanded in this budget only accounts for 3.4-cents of the overall increase. The rest of the increase stems from reductions in the Property Yield Rate and the continued slide downward of community Common Levels of Appraisal.
