**BUT WARNING!**

You only have 48 hours (place of the timer which's counting down) to take the single step if you want to create the "WHOOOA!" effect with every email in the customers' mind.

The reason for that is in its PROVEN effectiveness and the fact that NOBODY ELSE DOES THIS.

So, if you want to belong in the people who know:

- How to make an actual delightful and exciting experience for their readers
- How to generate the feeling of "I can't stop reading" for their audience with every single email (SPOILER! The quantity DOES NOT MATTER!)
- How to use the "time-travel remote" sequence as part of the CTA section, so their hottest leads will have a stronger relationship with you than the fire with the oxygen

...and you desire to change "their" to "YOUR"...
