

Peppermint Rosemary Shampoo + Conditioner

Product Analysis

Designed to energize the scalp while restoring softness and strength, this peppermint rosemary shampoo and conditioner duo blends botanical essential oils, strengthening proteins, and nourishing emollients for a complete hair care experience. The shampoo features invigorating peppermint and rosemary oils to help stimulate circulation and refresh the scalp, while a gentle surfactant base cleanses without stripping natural oils. Glycerin, castor oil, and panthenol provide moisture retention and improve manageability, while hydrolyzed keratin supports hair structure. The conditioner complements the cleansing step with rich emollients like shea butter, avocado oil, and amodimethicone to deeply condition, smooth, and protect the hair shaft. Herbal

extracts—including chamomile, Albizia bark, and Rehmannia root—deliver antioxidant and soothing benefits, promoting a healthier scalp environment and resilient, glossy strands.

Ingredient Super Stars

Peppermint Oil

- Stimulates blood circulation to the scalp, which may support hair growth
- Provides a cooling, refreshing sensation that can help reduce itchiness or irritation
- Has mild antimicrobial properties

Rosemary Oil + Leaf Extract

- Known to promote hair thickness and growth by improving scalp circulation
- Offers antioxidant and anti-inflammatory effects
- Frequently compared to minoxidil in studies for its natural hair-regrowth support

Hydrolyzed Keratin

- Strengthens weakened hair by replenishing structural proteins
- Improves elasticity and reduces breakage, and smooths the cuticle
- Especially beneficial for damaged or chemically treated hair

Shea Butter

- Deeply nourishes and seals in hydration without clogging the scalp
- Rich in fatty acids and vitamins that soften and protect the hair
- Helps reduce scalp dryness and flakiness
