The main text, like the author names used Times New Roman font, 14 point for the Author names and 12 point for the remainder of the abstract. Type or paste your text into this file, but remember to keep the page margins the same as is set here which is 2.5 cm all round. Paragraphs are justified (straight-edged) on both left and right. The language is English.

Use single-line spacing and leave a line gap between paragraphs. This helps your text to be read easily. If you would like to insert a figure you can do so. Use the *insert picture* command and *paste special* as an enhanced metafile for ease of handling. If you want, you can set the text to flow around the figure, but do remember to include a figure caption.

The first abstract deadline is April 30th. There is no fee for submission of an abstract, but if you do not register and pay the outstanding registration fee in full by the deadline, the abstract will not appear in the programme. Please note that the price is different depending of date (early, regular and late inscription).

The organizers expect that there will be more abstracts submitted with preference for oral presentation than can be accommodated in the programme. They will inform those who submit abstracts for oral presentation whether the paper is scheduled for oral or poster presentation and will aim to do so by May 10th. Please note that there will be ample time for discussion of posters built into the conference schedule.

The limit for your abstract is 300 words, it can include one figure. Abstracts that do not meet these formatting requirements will be returned. The organizing committee reserves the right to edit abstracts for clarity or correctness of English, but will consult the author if any significant changes are needed.
