ADOPTABLES

Pricing for adoptable characters varies on a case-by-case basis, depending on complexity of design and the number of art pieces featuring the character.

All adoptable characters will include at least 1 flat-colored full body piece that can be used as the main reference of the character.

All adoptable characters will be final sale, with **no refunds**.

At present, I do not offer the following items: comic pages, sketch sheets, reference sheets, or discounted sequences. Sorry!

MISCELLANEOUS PRICING INFO

-All base prices are calculated for a single character.

- All base prices include an estimated 30% tax.
- Add ½ of the base commission price for each additional figure. At 3 figures, a \$50 complexity charge is added on top.
- A complexity charge may be added for certain levels of detail, for example: skin/fur patterns, tattoos, multiple limbs, intricate costume elements, and specific environments or props.
- Basic set dressing (e.x. generic props, small BG details of where the character is, or abstract patterns/etc.) is included in the base prices.
- For character design work, my rate is \$40/hour; I will keep track of my billable hours and relay this information to the commissioner before sending an invoice for my payment.

TERMS OF SERVICE

-COMPLETED COMMISSIONS ARE NON-REFUNDABLE.

- All artwork commissioned under these guidelines is intended for **non-commercial use**. The commissioner may not use any piece for advertisement, publishing, or other commercial/for-profit use without my express written consent.
- All artwork I create, either commissioned under these guidelines or produced via other processes, may NOT be used in conjunction with blockchain based technologies such as cryptocurrency or NFT creation/generation. Commissioners and other customers may not use my artwork in conjunction with blockchain technology under any circumstances.
- All artwork I create, either commissioned under these guidelines or produced via other processes, may NOT be used to train AI image or text generators (e.g., Midjourney, ChatGPT, etc.). Commissioners and other customers may not use my artwork in conjunction with AI generators under any circumstances.
- I will not begin working on a commissioned piece until I am paid in full via Paypal invoice, unless otherwise discussed with the commissioner.
- I will give commissioners a 'due date' by which I will complete their commission & deliver the final preview by email. Due dates vary depending on the complexity of the commission, but are generally a minimum of 10 to 14 days from the date of payment. I will notify the commissioner if I am not on track to complete their commission by the original due date, and will negotiate new due dates as necessary.
- I reserve the right to refuse a proposed commission for any reason.
- I reserve the right to use any commissioned work as an example of my offerings for future commissions.

-I allow one round of free edits for all commissions unless noted otherwise. After the first round, each round of edits is an additional \$30. Additionally, complete sketch redraws are \$60 per redraw (\$100 per complete redraw for a lined piece) unless otherwise negotiated.

-All artwork is received digitally unless otherwise specified. If the commissioner wants the physical original of their piece, they must pay the shipping cost after I have mailed it out. If desired, the commissioner may pay extra for faster shipping rates or shipping insurance.

-I accept NSFW commissions from clients who are 18 or older, as long as they adhere to my Content Guidelines. I will not accept NSFW commissions from clients who are under 18. If I find an 18+ client is commissioning NSFW work on behalf of a minor or a minor is masquerading as an 18+ client, I will immediately blacklist and block the offender.

-The commissioner may repost my work with proper credit to myself, including the appropriate web handle for the content (I will confirm which web handle to credit me with via email).

-The commissioner MAY NOT make major edits to my work, i.e. editing lineart, cropping out my signature, or adding/removing characters.

-I cannot give full refunds for ANY commissions. Commissions that have not progressed past the thumbnail/sketch phase may be refunded up to 50% under the following circumstances: I am unable to complete the project for any reason; the commissioner has decided to terminate the project for any reason; the commission has not been completed in a timely manner (i.e., within the time between payment date and the agreed upon 'due date' mentioned earlier). **Again, completed commissions are NON-REFUNDABLE.**

ADOPTABLE ToS

-Adoptable purchases are NON-REFUNDABLE.

-The purchase of an adoptable character includes the rights for use in personal and non-commercial art, but does NOT include rights for use in commercial or advertisement art.

-Adoptable purchases may NOT be used in conjunction with blockchain technology, such as cryptocurrency or NFT creation/generation.

-Adoptable purchases may NOT be used in conjunction with AI image or text generation technology, such as Midjourney and other AI image/text generators.

-Adoptable characters' designs may be edited or altered as desired after purchase, whether by myself, by the customer, or by another artist. If the customer would like me to edit or alter the adoptable design, I will charge a reduced hourly rate of \$30/hour for the time spent on each round of editing.

-The customer may repost the original character art as desired, but MUST credit me for the original design & art. The customer MUST NOT remove my signature from the original art.

-Adoptable characters' non-visual defining features, such as name, gender, age, etc., may be edited or altered as desired after purchase. The customer does not need my approval to change these things.

-The customer MUST NOT use, alter, or edit adoptable characters' designs/defining features to encourage/promote hate speech or harassment of any kind (e.x., editing the design to include hate symbols, or commissioning or otherwise producing work of the character engaging in harassment/hate speech-related content). Offending customers will be blacklisted from working with me again and blocked.
