Getting to the venue

Rio Cinema is located on **Kingsland High Street**, a busy street in Dalston. The nearest Overground stations to Rio Cinema are Dalston Kingsland (0.1 miles away) and Dalston Junction (0.3 miles away). The 67, 76, 149, 243 and 488 buses stop outside the Rio Cinema.

Arriving at the venue

This is the sign for the Rio Cinema, which lights up at night.

This is the accessible entrance to the Rio Cinema. There is no step, and it leads into the box office and the main foyer.

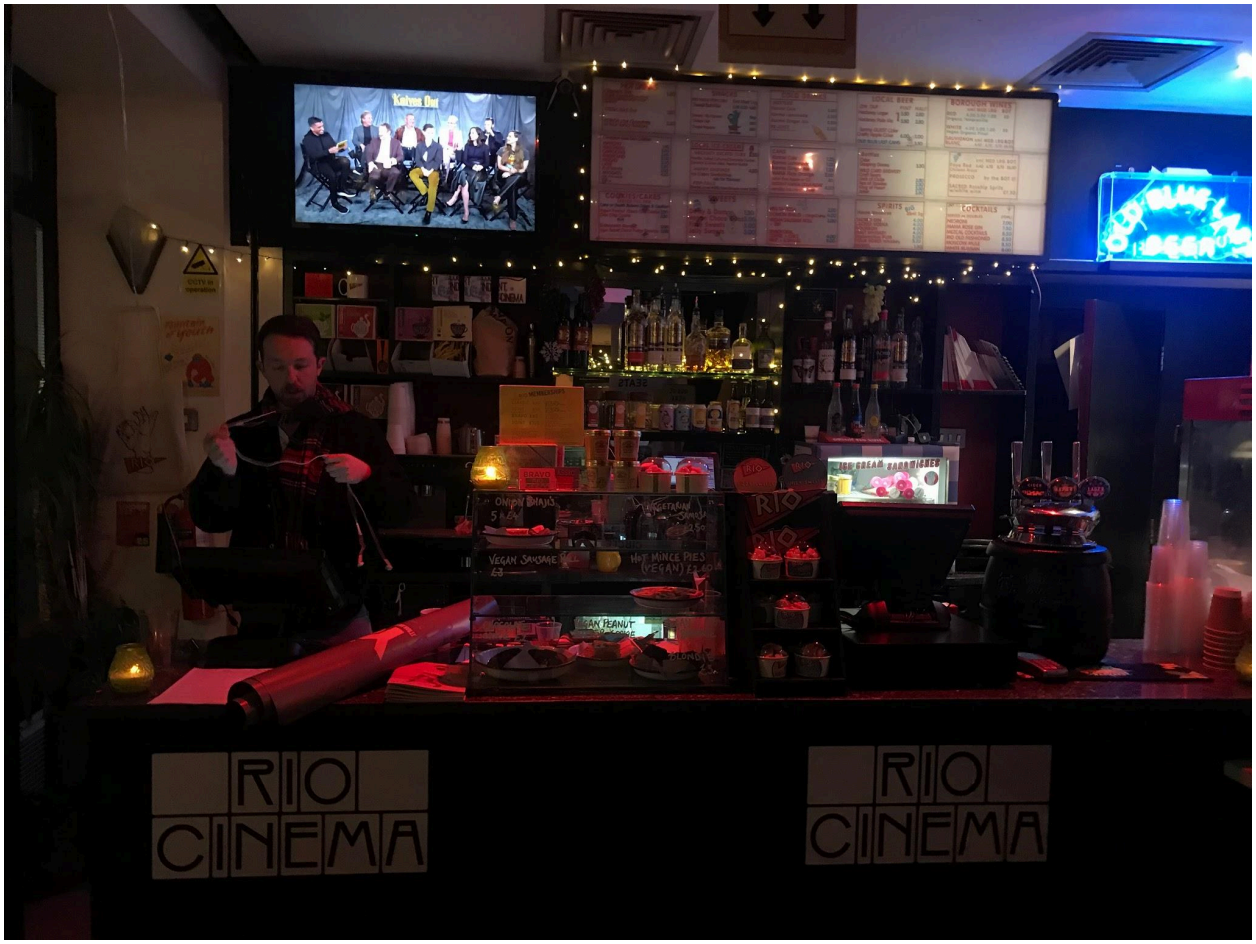

Inside the entrance, there is a button that opens the door.

Box office and bar

This is the old Rio Cinema box office on the right as you go in, skip past it!

This is what the bar looks like, which operates as both a bar and the box office. It is visible from the main entrance.

. It is located in the auditorium of the Rio Cinema, and it is where you can buy or pick up tickets. If you have a question, the box office staff can help you here and this is also where you can order snacks and drinks before an event.

Getting to the screen

This is the foyer of the cinema, located next to the bar. There are areas to sit down before the screenings, but it can get noisy and busy. Doors to the cinema open fifteen minutes before the screening starts.

This is the entrance to the cinema. It is around the corner from the stairs. To get into the cinema you go through two sets of doors marked Screen 1.

Once you are through the doors, you can see the screen of the cinema, and the seats ahead of you.

These are what the seats look like. The Rio Cinema has a capacity of 404, with three wheelchair spaces. Two of the wheelchair spaces are in the back row, and one is at the front. Additional wheelchair spaces can be requested in advance.

Accessible toilets

This is what the door to the accessible toilet looks like. It can be found to the left of the bar area.
