

# Privacy Policy for BoostFarm

**Last Updated:** April 13, 2026

**MANYBOOST FZCO** ("Company," "we," "us," or "our"), registered in Dubai, UAE, is committed to protecting your privacy. This Privacy Policy explains how we collect, use, disclose, and safeguard your information when you use the **BoostFarm** mobile application and our website [www.boostfarm.io](http://www.boostfarm.io) (collectively, the "App").

Please read this Privacy Policy carefully. If you do not agree with the terms of this Privacy Policy, please do not access or use the App.

## 1. Information We Collect

We believe in data minimization and only request the information strictly necessary for the App to function.

- **Personal Data You Provide:** We **do not** collect personal identification information such as your name, phone number, or date of birth during registration. The only personal information we collect is your **email address**, which is used solely for account creation, authentication via a One-Time Password (OTP), and account recovery.
- **Data for Prize Fulfillment:** If you successfully grow a virtual vegetable and qualify for a physical delivery or a specific localized reward, we or our partners may request a delivery address or relevant details at that exact moment. This information is used strictly for the fulfillment of the reward and is not tied to your general profile for marketing purposes.
- **Automatically Collected Data:** Like most applications, when you access BoostFarm, we may automatically collect certain non-identifiable technical information. This may include your device type, operating system, unique device identifiers (for advertising purposes), IP address, and general app usage statistics (e.g., session duration, interaction with in-game mechanics).

## 2. How We Use Your Information

We use the limited information we collect for the following purposes:

- To create and secure your account using your email address and OTP verification.
- To operate, maintain, and provide the core gaming features of BoostFarm.
- To manage our referral system and distribute in-game rewards (e.g., virtual water and fertilizers).

- To process and deliver your final rewards (gift cards, coupons, or physical deliveries) when a harvest is completed.
- To display relevant third-party advertisements and offers.
- To monitor and analyze usage trends to improve the App's technical stability and user experience.

### 3. Third-Party Advertising and Services

BoostFarm is a free-to-play application supported by advertising.

- **Ad Networks:** We feature advertisements and promotional offers from third-party services, mobile games, and app providers.
- **Third-Party Data Collection:** These third-party ad networks may use tracking technologies (such as device IDs or cookies) to collect non-personal data about your interactions with their ads to serve you more relevant content.
- **External Links:** If you click on a third-party advertisement or offer, you will be directed to a platform outside of BoostFarm. We do not control these third-party platforms and are not responsible for their content, security, or privacy practices. We strongly encourage you to review the privacy policies of any third-party services you interact with.

### 4. Disclosure of Your Information

We **do not sell, rent, or trade** your email address or any personal data to third parties. We may share your information only in the following specific situations:

- **Service Providers:** We may share data with trusted third-party vendors who assist us in operating the App, sending OTP emails, or delivering physical rewards, provided they agree to keep this information confidential.
- **Legal Obligations:** We may disclose your information if required to do so by law, in response to a subpoena, court order, or governmental request, or to protect the rights, property, or safety of our Company, our users, or the public.

### 5. Data Security and Retention

We implement commercially reasonable security measures to protect your email address and account data from unauthorized access, alteration, or disclosure. However, please be aware that no method of transmission over the internet or electronic storage is 100% secure.

We will retain your email address and game progress for as long as your account is active. If you wish to delete your account and associated data, you may contact us, and we will process your request in accordance with applicable laws.

## **6. Children's Privacy**

BoostFarm is not directed at children under the age of 13 (or the applicable age of digital consent in your jurisdiction). We do not knowingly collect personal data from children. If we become aware that we have inadvertently collected personal data from a child, we will take immediate steps to delete such information from our records.

## **7. Changes to This Privacy Policy**

We may update this Privacy Policy from time to time to reflect changes in our practices, technology, or legal requirements. We will notify you of any significant changes by updating the "Last Updated" date at the top of this document or by displaying a prominent notice within the App. Your continued use of the App after such modifications constitutes your acknowledgment and acceptance of the updated Privacy Policy.

## **8. Contact Us**

If you have any questions, concerns, or requests regarding this Privacy Policy or how we handle your data, please contact us at:
