

# May Kindergarten News!!!

## Reading & Writing

We are finishing our assessments for the year and all of the children are doing a great job! I am so amazed when I look back at the beginning of the year and see how far they have come! Thank you for all of your hard work and support at home! We will continue to work on reading and writing until the end of the school year, please work on the packets and continuation poems in your book bags!

## Math

We are in our last unit for the year. It is mainly focused on addition and subtraction with a review of shapes, measurement, and teen numbers thrown in. The students are working very hard to solidify their number sense!

## Module and Labs

*We are full force in our last module about appreciating trees. We have taken our knowledge of tree facts and now turned our learning on to how we can personally enjoy trees and how trees are important in our community.
