

Bloggging in UGCloud

Go to www.ugcloud.ca

Login using your network username and password

****If you have trouble doing this, it's because you need to reset your password on a school-networked computer. Then try again.**

[Why work in UGCloud?](#)

Google's app for blogging is Blogger

In UGCloud go to your Drive, then More then choose Blogger

- Create a blogger account
- Start a new blog

Checklist:

1. Create a blog
2. Change your profile picture
3. Start your first blog
4. Comment on at least two classmates blogs
