On 10/9/2025, I've first noticed when I was in a group chat, i was chatting until David, sent a gif I thought it was sick type of joke, until he sent these messages, I decided to look back on some of his messages he sent also.

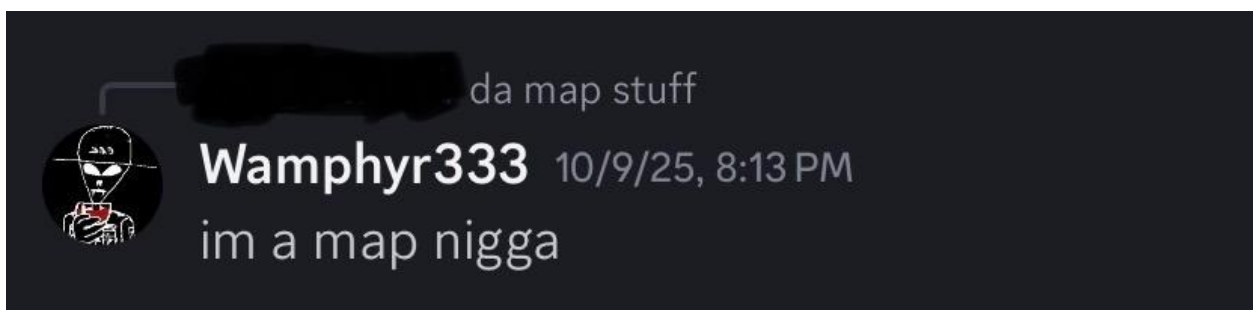

(A paraphile is a intense persistent sexual arousal or anything not sexual by nature,

examples: children, animals, dead people)

(A MAP(Minor attracted person) is a term that pedophiles use, trying to humanize the fact they're attracted to sexual attraction to prepubescent children)

I question my friend asking why was he friends with someone like that, I asked my other friends whos friends with him also asking about him but got no reply.

About a few weeks by and I was looking through my friend's friend list just wondering what type of people he be around, but I saw he had added a zoophile, then I knew I had to look deeper into it

A day later I went into a game they moderated in.

At the time I didn't know if they were together, I question why was he friends with a zoophile, and predator, then he confessed that he was with a relationship with David.

Both my friend and David followed to Discord to harass me, by then I was already gathering information to put in the doc.

thats perfectly fine you can obsess over me all you want

Im not obsessed I'm just worried for you safety as a friend

12:34 AM

you said im brainwashed, i think youre the one brainwashed, these laws were infact set in place by the jews controlling the west

deutschland died in 1945 along with our great führer

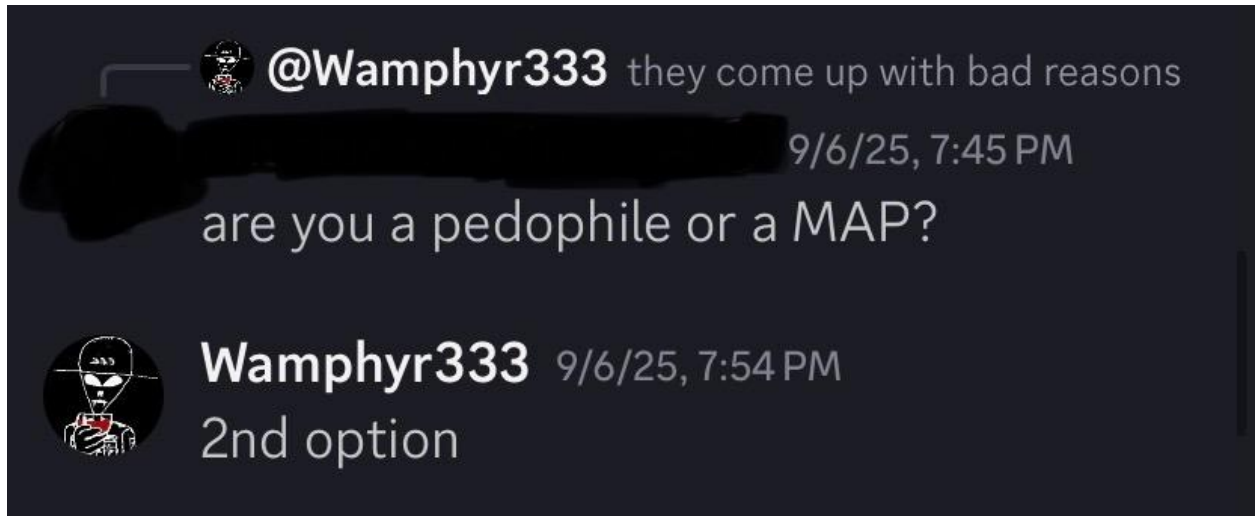

therefore i seek to preserve the great ideology of the NSDAP to the best of my knowledge

After that went I gather enough evidence on david, I learned that he is known in the game called church on roblox

Darthypou sent photos of himself J'kin off photos to a under age little girl, darthypou was 17 and the victim was 11 years old.

Evidence of trying to blackmail earlier in the following months:

WES 3:26 PM

ah.

Yes, I have some relation towards him

Ok so uh

I had beef with this guy (proudgoyim) that went by the name "Batman". And It was like cause i said nobody cared about his relationship problems, and I didn't care at all cause he kind of made my friend uncomfortable by like being weird towards her, And let me skip to the part where i got related to darthymeow, So bascially batman (proudgoyim) got ahold of pictures of my face, and posted it to twitter, and with that he sent it to darthymeow. And darthymeow threatened to post my face to 4chan and a bunch of other platforms. Along with literally blackmailing me into "apologizing" to batman (again the proud dude) and ofc i "apologized" but not really. I was just trying to get them to delete my face before I crashed out and called the cops on them for blackmail, and actual harassment

but I stopped talking to him because of all that pedo shit

now that roblox account

"darthypoulikskids" wasn't actually related to a real incident that happened but something similar may have occurred he told me about this one person that he used to be friends with they were 13 and he was 18

NEW MESSAGES

9:56 PM

from what I have heard he groomed him and sent him some very disgusting photos he went to talk to me about it saying that it wasn't true or anything like that but I'm starting to think otherwise

he admitted to sending him a shirtless pic and admitted that the kid sent him a dick pic

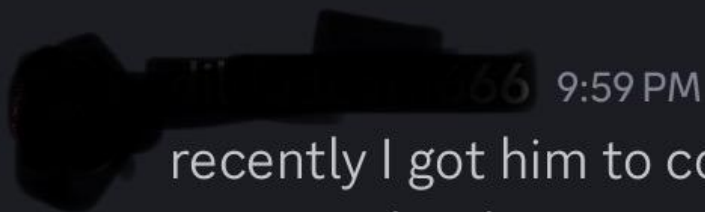

he didn't say anything else about it but with those details

I'm sure there was more shit that

pic

he didn't say anything else about it but
with those details

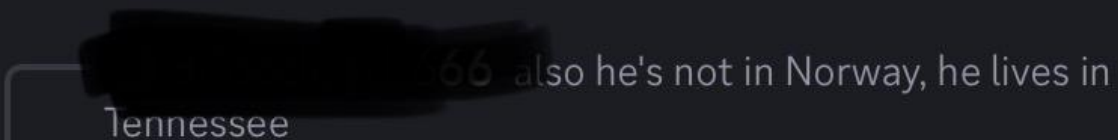

I'm sure there was more shit that
happened

9:59 PM

recently I got him to confess to his
parents that he is a pedophile but they
don't seem to be doing anything
considering he's still on the internet doing
all this degenerate shit (edited)

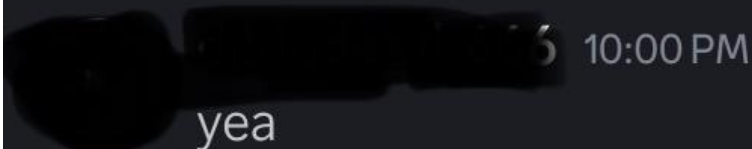

also he's not in Norway, he lives in
Tennessee (edited)
