Dear **Researcher**,  
Greetings of the Day from Rasayan J. Chem.  
Nanotechnology is a field that is quite fascinating, exciting, and full of opportunities. A lot of work is going on focusing on Nanotechnology. It's an emerging area of Green Chemistry research, which is very much capable to serve the purpose of Environmental Remediation.

Dear Sir/ Madam,  
Season's Greetings.  
Its **Prof. Sanjay K. Sharma, FRSC (Editor, Rasayan Journal of Chemistry)** writing this e-mail to you. First of all i would like to express my heartfelt gratitude to all of you for publishing your valuable manuscripts in Rasayan Journal of Chemistry. We believe you had enjoyed publishing with us.

We have one more international research journal namely **International Journal of Chemical, Environmental and Pharmaceutical Research (www.ijcepr.in)**, which is abstracted in **Chemical Abstracts, USA**. We are going to restart it. To make up its missing issues **Up-to-date**, we need some good manuscripts. If you want to contribute, please visit the site [www.ijcepr.in](http://www.ijcepr.in) and send your manuscripts as per the Journal's Guidelines. Contribute your manuscripts through E-mail to [ijcepr@gmail.com](mailto:ijcepr@gmail.com), and please dont forget to C.C. the mail to [rasayanjournal@gmail.com](mailto:rasayanjournal@gmail.com).

The quality of publication and processing will be at par as you experienced in the case of Rasayan Journal of Chemistry. If your manuscript gets accepted for the publication, **The Article Proccession Charges will be only USD 100 for our valued**

**ABSTRACT**

Corncob contains the highest hemicellulose compared to other agricultural wastes such as bagasse, oats hulls. The aimed of this research is to formulate capsule shell from hemicellulose in corncob's waste combined with sodium alginate isolated with various compositions, namely Formula F1 (1: 1), F2 (2: 1) and F3 (3: 1). The characterization test of corncob hemicellulose consist of organoleptic test, solubility test, FTIR test, while characterization of sodium alginate
