

Register for Child Care during Required Family Meeting
March 25th, 5:30-6:30pm, OSS Community Room

OSS will provide child care so that the meeting is focused, but we've only got one staff member available for the task, and last time we had **many** kids. This time, please only bring your children if you need to. The idea isn't to provide a social event, but to provide supervision if needed.

To help us plan, please add this most basic information below. Thanks!
