Essay Topic:

Without goals, the destination one ends up with cannot be lamented, nor can it be fully celebrated. Your destination in life will be determined by the goals you make and work towards today. What are your goals for the next 10 years of your life? Detail how you believe these accomplishments will benefit others as well as yourself. Be as specific and detailed as you can be so as to allow the committee to see that these scholarship dollars will be wisely invested into your dream. (500 word essay limit)
