

## **K-12 Educational Outreach Volunteer Opportunities**

If you are interested in working with youth in any capacity, please complete the following form: [K-12 Engagement Interest Form](#)

### **“Ask a Question-Meet a Scientist”**

#### **K-12 Visits**

Field trips visiting the PSB will have a tour, lab component, and then discuss potential career paths or pathways to college. Help inspire conversation among young people about pathways that they feel excited about! We have groups visiting throughout the year - so contact Sarah to find a visit that works for you!

### **Research Protocols for Demo Labs**

Your research is exciting stuff! Help create fun and engaging experiences for students visiting the demo lab at PSI. We are eager to help translate your research into bite-size pieces for school lab protocols.

### **Camps/Workshop Counselors**

Interested in Summer opportunities at PSI? We are in ideation mode for 2025 summer camp opportunities. If you are interested in working with a camp, we need your help!

### **Engagement Events**

- Plant Science Day- January 2025 TBD
- BugFest 2025

**Contact Sarah Dinger ([scdinge2@ncsu.edu](mailto:scdinge2@ncsu.edu)) with any questions or ideas!**
