MAP RULES

This MAP is for beginners, so you can apply with any skill level. I just ask that you have to show me at least one animation, just to show me that you CAN draw, and that you have some type of animation software.

- Each part will focus on a different canon Warrior Cats character. The goal of this project is to showcase a wide variety of cats from the Warriors universe — the leaders, medicine cats, and warriors who earned their place in the Hall of Fame. (they can be evil cats too)

- Only canon Warrior Cats characters may be used; OCs will not be accepted.

- No lyrics or words on the screen!! This will make it very difficult to edit the final project, and will make me sad. Watermarks are OK, but only if you cannot remove them. If you have any way to remove them, please do so.

- You are responsible for completing your part. You MUST post your WIPs (Work in progresses) on Youtube, and tag me @Drawingsbybeans so I can see it and give feedback. If you're in the Discord server, you could also post your WIPs there. (Discord link at the bottom)

- PLEASE provide extra frames at the end and beginning of your part so there are no issues with cut-off (If submitting to youtube)!

- A 1920x1080 sized canvas is mandatory.

- WIP checks are every week on Sunday. If I don't get a wip, I will check in and make sure you haven't ghosted me.

- The deadline is a month after you receive your part, there will be no exceptions unless you provide a WIP and ask for an extension. If you do not reach out for an extension, or provide a WIP, your part will be given to a backup.

- C0d3w0rd: Whatever cat(s) you will be using in your part.

- WIP spamming is more than encouraged!

- Lastly…….HAVE FUN!!!
