LASIK See what you are missing

How different would your life be without glasses or contact lenses? Imagine the freedom of playing sports, watching television, driving your car, and spending time with your family without any visual restrictions. LASIK has made this dream a reality for millions of people! LASIK is a safe and effective procedure to re-sculpt the cornea to fix problems such as near-sightedness (myopia), far-sightedness (hyperopia), and astigmatism. These “refractive errors” cause blurry vision.

NOW OFFERING CONTOURA VISION LASIK!

We are now offering the most customized LASIK treatment available, Contoura Vision! With this cutting-edge technology we are able to map up to 22,000 individual points on your cornea. Your cornea is as unique as your fingerprint. Contoura Vision allows us to use your unique corneal map to re-shape your cornea to maximize your vision.

BEFORE LASIK

Dealing with glasses/contact lens expenses, inconveniences, and risks

Living a blurry life

Being limited by your blurry vision

LASIK DAY

Painless – minimal pressure sensation

Quick – 15 minutes

Surgeon and staff with over 10 years experience

LIFE AFTER LASIK

See clearly

Do more with your new vision

Jump into your new life

Company Description

Lucent Vision is all about you. With an office environment that looks and feels like a spa for a relaxed experience, our surgical plans and techniques are tailored to meet your daily visual needs. Your time is valuable, and that's why our office schedule is built to limit wait times and to allow the doctor to spend ample time with you. Lucent offers LASIK, Refractive Lens Exchange, Refractive Cataract Surgery, and treatment for Glaucoma, Keratoconus, and Pterygium.
