

Last Revised 8-18-23

---

### **General Directions**

1. Press the **ON** button, on the push-button controls on the rack, to begin. The projector will turn on automatically.
2. Press the button of the Source you desire:  
**HDMI      USB-C      Blu-ray**
3. Control the **Volume** with the volume-control knob.
4. Press and hold the **OFF** button to turn off the system.

### **To Display a Laptop**

1. Press the source you desire: **HDMI** or **USB-C**.
2. Attach the appropriate cable to your laptop or device.

### **To Playback a Blu-ray or DVD Disc**

1. Press the **Blu-ray** source button.
2. Use the **LG Blu-ray Disc Player** remote to control the playback.
3. Press the **Open/Close** button on the remote to eject the tray. Seat your disc. Press **Open/Close** again.
4. Press the **Disc Menu** button to navigate to the Disc Menu.
5. Use the playback controls to play the disc.

### **Final Shutdown**

1. Coil up the **HDMI** and **USB-C** cables individually, so they will not be stepped upon.
2. Eject any Blu-ray or DVD discs. Return the **LG** remote to the rack.
3. Press and hold the **OFF** button to turn off the system.
