Hi, I'm Omar! This **summer** was great. I played football every day! At first, I played with some of my **neighbors** in the street. Our street is quiet and very safe. We had a lot of fun and we liked to **imagine** that we were **famous** football players! Then, a new boy **joined** in. He told me about a football club in our **area**.

One afternoon, I **decided to** go to the club. There were lots of boys playing in two teams and I watched them for a while. Then, the **coach** saw me and asked if I played football, too. "Do you want to try playing with the team?" he asked. Of course, I did! The coach watched me **kick** the ball and said I was a **talented** football player. He asked me to join the team.

For the next six weeks, I played with my neighbors in the morning and then with the team at the football club in the afternoon. It was very tiring, but really fun! At the end of the summer, we **took part in** a tournament. I was nervous about it, but excited. I tried my best and scored three goals! Our team won the **tournament**. It was an amazing end to the summer.

A rising star

When Hana Goda first started playing table tennis at the age of four, her **talent** for the sport quickly became clear. However, there was a problem. The table was too high for her! "What can we do?" her **coaches** asked seeing how much she wanted to play. In the end, they made the legs shorter so that the table was lower. Since then, Hana has **improved** year after year, and she amazed the table tennis world by her speed and **focus**.

Born on 12th December 2007, Hana became Egypt's youngest ever **national champion** in 2019, at the age of 12. Just one year later, she came top of the ITTF (International Table Tennis Federation) under-15 women's world **rankings**- the first **African** and Arab player to do so. Then, in 2022, she won a top award at the ITTF African Cup in Lagos. What an **achievement**!

The **United Nations** chose Hana to take part in Shabab Balad, a project in Egypt to help young people learn and connect in the world of work.

Although Hana is still much younger than many of her **opponents**, she works just as hard as any older player. She has also spoken about how important it is for her to take things step by step, always learning and trying hard to achieve her **victories**.

Hana really enjoys practicing for long hours every day, even if it is hard work. She is showing young people in Egypt that not only is it possible to make your dreams **come true**, but you can also enjoy the **journey** even if the road is difficult.

Subject : My summer

Hi Ashraf,

Hope you and your family are OK. We're all fine.

I'm back at school this week after the summer vacation. The summer vacation was good, but I'm happy to be back at school now. I can see all of my friends and it's good to learn something new every day again.

BTW, I learned quite a lot in the summer vacation, but I didn't learn the things you usually study at school, Instead, I volunteered to teach adults to read and write in Arabic and I learned how to explain things clearly. I think that will be useful to me now we're back at school.

Of course, I also had some fun in the summer vacation. I often helped my dad in his workshop. We both enjoy playing ping-pong, so we decided to make a ping-pong table. It was hard work, but we were v happy with the table when it was finished. We were able to play ping-pong every day for the rest of the vacation.

How was your summer?

TTYL!
