500 E Northern Lights Blvd

Play It Again Sports

12201 Industry Way or 2636 Spenard Road

**Rental Gear:**

South Ski Team - look for a signup link on the website

**Ski Swap FYIs:**

Arrive early - people line up early, know what your high to low priority shopping list is and look for the most important things first

At least one coach will try to be at each ski swap. Look for them wearing a South hat/sweatshirt/jacket and introduce yourself if you have any gear questions!

**Gear pointers:**

Better to buy poles that are too long than too short - long poles can be cut down

Comfortable ski boots are the most important, if they aren't comfortable, don't buy them

All south rental gear is on the NNN binding system, so if you are to only get part of a setup it needs to be NNN or we won't have loaner gear that will work for you (boots and ski bindings need to be NNN)
