

The notorious books that have propagated anti-Semitism

THE PROTOCOLS OF THE ELDERS OF ZION is the most notorious and widely distributed anti-Semitic publication of modern times. It is a hoax. Its lies about Jews, which have been repeatedly discredited, continues to circulate today, especially on the Internet. The individuals and hate groups who have used the *Protocols* are all linked by a common purpose: to spread hatred of Jews.

The *Protocols* is entirely a work of fiction, intentionally written to blame Jews for a variety of ills. Its what first distributed in 1903. Those who distribute it claim that it documents a Jewish conspiracy to dominate the world. The conspiracy and its alleged leaders, the so-called Elders of Zion, never existed. -USHMM

"If ever a piece of writing could produce mass hatred, it is this one. . . . This book is about lies and slander."
—Elie Wiesel, Nobel Peace Prize Laureate

MEIN KAMPH is a two part autobiographical manifesto written by Adolf Hitler in 1924. *Mein Kampf* - "My Struggle" reflects many extreme ideas that guided Hitler's later actions. He references "the Jewish peril", a Jewish conspiracy theory; "jungle beasts" better to destroy the weak and sick, and the 'historic destiny' of the German people to all the land in the East. Despite its extreme content, it became a best-seller by 1933. In 2016 a massive, 2-volume annotated edition was published, right after the expiration of the copyright by the German state of Bavaria. A year later, it had sold 85,000 copies in Germany. President of the World Jewish Congress, Ronald Lauder, condemned its republication stating "***Mein Kampf was the playbook for WWII and for the Holocaust. It should have been properly studied 90 years ago. Hitler's lies should have been rebutted then.***" Enough copies of this vile and toxic book have been printed and are widely available both online and in second-hand book stores. Unlike other works that truly deserve to be republished as annotated editions, *Mein Kampf* does not." The graphic book "the Plot" by Will Eisner, is an easy -to- understand publication that shows how the protocols became 'fact' for so many.

THE INTERNATIONAL JEW was a pamphlet written by Henry Ford (the auto-maker) in 1920. In it Ford 'proves' each of the protocols in the hoax publication "the Protocols of the Elders of Zion" with bizarre justifications. The pamphlet was translated into 12 languages and distributed around the world BEFORE WWII, and as a world famous industrial persona, Henry Ford was able to spread his anti-Semitic biases and labels throughout American society and beyond. Adolf Hitler even complimented Ford in his own anti-Semitic book **Mein Kampf** as the "single great man" of the "American Union" standing up against "the Jews". Ford forged a relationship with Hitler, and used his company to help the Reich build their military might likely until 1942 (Pearl Harbor). Ford Motor Company of today is still working to rectify this troubled history
