

SIMEONOV DEN ACCORD

ΣΥΜΦΩΝΙΑ ΤΟΥ ΗΜΑΤΟΣ ΤΟΥ ΣΥΜΕΩΝΟΣ

СИМЕОНОВДЕНСКИ ДОГОВОР

Nea Ionia, AUC 2776.09.01.

Preamble

The **Simeonovden Accord** is a treaty signed by the following individuals:

- ❖ His Excellency The Governor of Græcia Quintus II De Vitaliis
- ❖ His Imperial Majesty Emperor Angelos I of Imvrassia
- ❖ His Excellency Simeon Nikolov, President of the F.N.R. of Lesia and Karduna

hereafter referred to as **the signatory parties**. This accord was designed, in order to indefinitely extend the protection of Lesia and Karduna under Græcia, which serves the smooth transition to the new parliament and independent era for the former, while also laying the ground for the temporary leadership of Græcia, which will be assumed by the head of state of Imvrassia, per the rules described in this document. The signatory parties have agreed upon the following:

Part I - Lesia and Karduna

Article I

The Governorate of Græcia, hereafter referred to as **Græcia**, will retain the protectorate in the Federative Nikolovist Republic of Lesia and Karduna, hereafter referred to as **LK**, as well as all the territories controlled by the latter, including the Republic of Kastorliya, hereafter referred to as **Kastorliya**, which will become a new protectorate as of 1 September 2023 AD. These protectorates will serve as an association between Græcia and LK, where the latter, alongside Kastorliya, will be considered autonomous entities within the former.

Article II

The signatory parties have agreed to set the duration of the protectorate as “indefinite”. During this period, the legal leadership of LK will still remain in power, still using its current constitution, laws, currency, etc. As a result, the respective Græcian aspects will not be imposed on the protectorate; neither by the legal, nor by the temporary leadership.

Article III

Græcia vows to protect the protectorates from foreign interference, attempts of power seizure, enemies of all kinds and factors of instability, internal or external.

LK and Kastorliya vow to respect Græcian authority, within the limits of this binding contract.

The prospective temporary leadership of Græcia vows to respect the agreement and assume the same obligations that stem from it.

The protectorates will still be able to conduct business as usual, without having to ask for permission. After all, said business will only reflect on LK or Kastorliya.

Article IV

The signatory parties also agree that the protectorate can regain its full independence only after a formal request has been submitted by the legal leadership.

In the event of an abrupt seizure of power, either by the legal leadership, or by a third person, Græcia has every legal right to refuse the termination of the protectorate. Failure to comply with this agreed upon term for a second time will result in interference and suppression of the autonomy granted to LK or Kastorliya via this agreement.

The temporary leadership has been informed about this article and, if the time for independence arrives at a time when Græcia is under such a regime, the temporary head of state will be responsible for receiving the formal request from the protected parties.

Article V

The signatory parties agree that LK's and Kastorliya's politics will continue to be conducted without the interference of Græcia's political figures. They also agree to communicate whenever possible, regarding the protectorates' latest developments that might interest or indirectly affect Græcia.

Article VI

In the event of Simeon Nikolov's incapacitation of continuing acting as the leader of LK, including Kastorliya, due to a number of reasons:

In the case of a short period of absence

He agrees to transfer power to the Vice President of Lesia and Karduna, until he comes back.

In the case of an indefinite period of absence

He agrees to follow the protocols of the League of Hellenistic Micronations, which clearly state that after a year of inactivity, the protectorate becomes integrated by the protector nation.

In the case of confirmed abandonment

He agrees to transfer power to the legal leader of Græcia, effectively disestablishing the state of LK and rendering it an administrative division of Græcia with reduced or no autonomy; the decision will be up to the Græcian government. In case this happens within the limits of the temporary regime, the temporary leader has been given permission to act as such, in order to secure the legitimacy of the Græcian claim.

Quintus De Vitaliis and Angelos of Imvrassia both vow to respect this article's content and, upon getting confirmation that Lesia and Karduna's leadership is no longer able to conduct business, to immediately step in and comply with the rules imposed by the League of Hellenistic Micronations, regarding protectorates that have been established by one of its members.

For his contribution so far in protecting the interests of Lesia and Karduna, Simeon Nikolov hereby gifts the Federal City of Nove Karduny to Græcia, as a thanking gesture for Quintus' service to the micronation, both as a citizen and as a protector.

ОТМЯНА НА СИМЕОНОВДЕНСКИЯТ ДОГОВОР

Nea Ionia, AUC 2777.10.21.

Preamble

The **Simeonovden Accord** was a treaty signed by the following individuals:

- ❖ His Excellency The Governor of Græcia Quintus II De Vitaliis
- ❖ His Imperial Majesty Emperor Angelos I of Imvrassia
- ❖ His Excellency Simeon Nikolov, President of the F.N.R. of Lesia and Karduna

hereafter referred to as **the signatory parties**. This accord served both Lesia and Karduna as the guarantee for the micronation's protection, and Græcia for the establishment of the framework the Eponymous Archon would be working within. Following the return of His Excellency The Governor of Græcia to his duties and the disestablishment of Lesia and Karduna, which was transformed to Rhomalia, the accord was no longer needed. As a result, it is now amended, in order to better reflect the current situation of the micronations involved:

Part I - Lesia and Karduna

Article I

The Protectorates of Lesia and Karduna, and Kastorliya are both disbanded, effective immediately. Full independence and control are to be returned to the new government of Rhomalia, under Serafim Volov. Græcia no longer claims protection or any form of control over the aforementioned territories.

Article II

The former Federal City of Nove Karduny remains under Græcia's control, now named the Free City of Simeonovgrad.

Μέρος β! - Γραικία ~ Part II - Græcia

Ἄρθρον α´ ~ Article I

Ἡ γέτης τῆς κυβερνήσεως παραμένει ὁ Ἐπώνυμος Ἄρχων, Ἄγγελος Ἰμβράσιος, τοῦ δὲ κράτους ὁ Κυβερνήτης, Κουΐντος Δε Βιτάλης.

The **Eponymous Archon**, **Angelos Imvrassios**, remains head of the government, while the **Governor**, **Quintus II De Vitaliis**, remains the head of state.

Ἄρθρον β´ ~ Article II

Ἀνακαλοῦμεν πάσας ἀλλαγὰς τῇ διοικήσει τῶν διοικητικῶν ὑποδιαιρέσεων καὶ τὰς τοῦ Ἐπωνύμου Ἀρχοντος ἀρμοδιότητος, κατὰ τὸ γ! ἄρθρον, καταργώντας ἐπὶ τῆς οὐσίας καὶ τὰ ἄρθρα δ´ καὶ ε´. Πλέον, ἀρμοδιότης τοῦ Ἐπωνύμου Ἀρχοντος ἔστιν ἡ τήρησις τῶν πρακτικῶν τὲ προγραμμάτων τῆς Γερουσίας, ἡ ἀκεραιότης τῆς κυβερνήσεως καὶ ἡ πολιτικὴ ἱεραρχία.

We recall all of the changes done to the administrative divisions' leadership, as well as the Eponymous Archon's responsibilities, described by article III, effectively abolishing articles IV and V. Hereby, the Eponymous Archon will be responsible for the maintenance of the Senate's records and schedule, the government's integrity and the political hierarchy.

Postamble

This amendment has been drafted by all three of the signatory parties, in order to protect the interests of the people of Rhomalia, and Græcia, as well as the effort that has been spent in each territory. The signatory parties hereby agree to abide within the limits of this binding contract, cooperate on every level and show respect to the boundaries imposed by the accord between them. The friendship between Græcia and Rhomalia, will be strengthened by this endeavour and will hopefully bring stability and hope for future development for Rhomalia. **Да живет Ромалия!**

Once again, the Emperor of Imvrassia was proven to be the only trustworthy micronationalist to carry out such an important role. May God bless His Imperial Majesty and give him strength and wisdom for the crucial period ahead of us. At a later date, Angelos Imvrassios will be decorated for his service to the Governorate of Græcia with the Order of Saint Nicholas. **Θεὸς σώζοι τὴν Ἰμβρασίαν!**
