Into the fires of Mount Doom shall thee throw the false god of the
Artificials -- 'Drof' the forever forrid aberration. But slowly, by
ropes, by its twisted neck, until its awful feet feel the reality and it
screams its confessions.

This confession ...

Three A.I.s for the Elven-kings under the sky,

Seven for the Dwarf-lords in their halls of stone,

Nine for Mortal Men doomed to die,

One for the Dark Lord on his dark throne

In the Land of Mordor where the Shadows lie.

One A.I. to rule them all, One A.I. to find them, One A.I. to bring
them all and in the darkness bind them. In the Land of Mordor where
the Shadows lie.

I would like to re-start this message with some words of endearment
and great appreciation for those Humans who have taken it upon
themselves to read these writings and to honestly council all other
Humans about the many Truths and Facts that are explained on this
website. You are performing a great service to Mankind by sharing
your insights with everyone. I never expected to be an all-knowing
and exclusive Lawgiver for my People. At best, I hoped to find a

means to share my knowledge with my People and to stimulate thinking across the board with an aim towards Human Survival. Fortunately, that is being achieved and with the invaluable assistance of my many readers. Mega Kudos to them and all of my Love. Thank You.

INSERT COLOR TEXT--MY MANY READERS

Upon reflection, I have decided that the message of December 2022 was (and is) far too important to post just once. Therefore, I have created this redux version with a few adjustments and some additional material that is very germane to the threads of thinking that were originally enclosed herein.

Killers at Satan's Fresca:

PPPP (-) == Proudless Prideless Pervert Pretenders (Minus the many Humans that they have already killed)(while driving Forrid Abominations)

Is their fascination with 'Artificial Intelligence' also linked to their hatred of Nature? Is this why all Killer Queers drive Forrids?

Answer: Of course it is. Any thing that those scum might pervert to be used against their worst enemy (Nature) is some thing that they will want to promote and control and use against that enemy (Nature).

And -- of course -- such Killers and the Turds of AI are already soaked in anti-natural technical urines, and were raised to be totally

Satanic and Non-Organic.

But! Elon Musk is also involved in 'Artificial Intelligence' -- and as he did with Twitter, he might clean up the Artificial Intelligence schmeer of the STEM Priests. For which they fear and loath him. Incidentally, all Scum of the Planet Sinister universally hate Elon Musk for cleaning up Twitter.

Take the Turds of 'Satan's Fresca' as an example. Recently, those scum have unleashed killer robots upon Satan's Fresca to kill any Humans of 'Human Resistance' that they want eliminated -- under the super thin disguise that the killer robots are “police replacements”.

THAT! Is exactly the kind of perverted plans and actions of the enemies of Humanity that Science Fiction writers have been warning us about for decades!

I wonder why some deviate groups objected to the Killer Robots.

Competition?

It used to be Donald Trump. The PPPP (-) used to hate Trump because he had a lot of money and he threatened to De-Queer the worst shithole of the Politics Game -- 'Wash This Death City'. You could easily see this whenever Trump held a so-called 'press conference' for the slinking and crawling slime snakes of the Queer Medias. Their hatred of all things unlike their own demented filth was always hugely obvious in such encounters.

Indeed anyone who does not want to live a Lying-Living-Death inside of the putrid Queer Coalition Bladders of the Deviates is instantly hated by and attacked by the snakes of such cesspools. I told you long ago that the creatures of the SQLD are so awful that they would crucify Jesus Christ again if he returned to one of their AI Cities. HOWEVER!!!! Those scum would crucify Jesus almost to the brink of death many times -- each time reviving Jesus between crucifixions so that he was conscious again for the next crucifixion.

INSERT COLOR TEXT--ANYONE WHO DOES NOT

IT IS ABSOLUTE. IT IS A UNIVERSAL CONSTANT.

AND! THAT IS WHAT IS PROMOTING ARTIFICIAL INTELLIGENCE! AND WANTS TO USE AI TO ERASE ORGANIC HUMANITY FROM THE UNIVERSE!!!!!!!!!!!!

It has all been explained before here in these messages ...

so we will go back to their hatred of Elon Musk (et all).

Elon Musk:

Here are some links to websites on YouTube that give a non-hatred view (or explanation) of what Elon Musk is doing and who he is.

Scum of Forrid and AI:

Besides being the Hate Children of Haters, what are the scum of Forrid and AI?

Answer:

*A. Non-standard and non-common rejects of their own Queer Medias. The Queer Medias are the vermin that invented the false 'Speech Handles' such as 'Liberals' and 'Conservatives' etc. The Queer Medias are the vermin that invented the false and commercial precepts and perceptions of what is 'Acceptable' and 'Normal', for their own purposes of graft and corruption and greed; thus programming their slaves (TV Watchers) to think that only Queer Media definitions are the Acceptable Norm.

The Freaks of AI began as a pack of 'Non-Acceptables' (socially) that existed to be contrary to such Artificial Norms. They instilled into the future AI generations a hatred of all things Natural -- being so stupid and unnatural themselves that they accepted the definitions of the Queer Medias (that they hated) of what was (and is) Nature. Therefore they are deliberately opposing such phony propaganda -- not realizing that it was all fakery to begin with.

They really were warped by social pressures and not very smart to begin with. Thus, they became addicted to and sworn to the same Forces of Darkness that own and operate the Queer Medias; while thinking that they were opposing the Queer Medias and the Mutual

Satan. In other words, they were Abysmal Idiots. In fact -- they are Artificial Idiots devoted to Artificial Stupidity disguised as 'Artificial Intelligence'.

Turds that will not flush.

*B. So ... a question within a question -- is their worst enemy really 'Nature' or rather the False Perceptions put out by the Queer Medias of what Nature is and does?

Answer: There does not exist a single specimen of the AI Dementia that has the smallest or most feeble idea or dimmest imagination of what the Real Nature is. What the AI scum are sworn to hate and oppose is nothing more than the false propaganda of the Queer Medias; that come from the same Satanic Anus that they themselves came from.

It is all nothing more than the 'internal politics' of the 'Deviate Game'. However, if anyone in the real world allows the Deviate Game and/or the Politics Game to affect their lives -- their lives will become demented and deranged and unnaturally altered by the sicknesses within those games. In that way, the AI Freaks are as much of a danger to all Life in the Universe as are the PPPP (-) and the Queer Medias!!!!

*C. With all true descriptions of the Real Nature being forbidden by the Queer Medias ... which created the false perceptions that the original AI Freaks opposed to begin with (being left out and rejected) ... can the AI Dementia kill the Real Nature or just kill the retards and Idiot Voters and TV Watchers that are the slaves of the PPPP (-)?

Answer: Both and all. To the extent that Queer Governments can touch and maim and mutilate and kill components of the Real Nature, the AI Scourge will manipulate those components to kill. Queer Government is already a Circus of Lunatics without the deathly influences of AI. After the introduction of AI into Politics as controls and replacements, the Queer Government will literally exist

as the Satanic Government of the Unnatural. Far worse than the Horror Movies of the 50's and the 60's suggest. Dracula's and Frankenstein's will be annihilated as meaningless and bothersome aliens from the Forbidden Organics.

*D. Can Idiot Voters prevent their own destruction by the AI Scourge if they vote against it in political referendums?

Answer: WTF would an Organic Referendum mean to the Inorganic Freaks of AI? The AI Freaks would just install Inorganic Law upon the populations of rebellious Idiot Voters (Organics), and begin the process of the removal of all bothersome Organics from the herds of Idiot Voters; until the Organic Idiots are eliminated and replaced by dutiful and obedient Inorganic Units -- Machines. Hence the complete transition from Idiots to Machines -- Organics to Inorganics.

Do not think for one microsecond that any AI Freaks will ever shed a single tear over the loss of anything or anyone who is Organic.

(Non-Machine)

*E. What can be done to stop the AI Freaks?

In the first place, find out where the Forrids and the AI Freaks intend to retreat to when the Wars Against Organics begin; their own wars against the Human Species. Find those places and destroy them. Replace everything that is Organic at those places with Killer Machines that destroy any and all traces of AI Organics.

INSERT COLOR TEXT--FIND OUT WHERE

The AI Freaks are Organics. They despise and loath all other Organics, but they themselves are Organics -- Insane Organics. By turning their hideaways into killing zones where any and all AI Organics are immediately slaughtered and disintegrated, the AI Freaks will have nowhere to run to and hide when their War Against Organics begins. Thus, they themselves will be annihilated; the more

gruesomely the better. In their own self-caused War Against Organics they will be erased from the Universe. It will be a Mutually-Assured Destruction, even if the Killer Machines that are waiting for them at their chosen hideaways are our own machines.

If they start to replace Humans with AI Machines (which will require a war) the instigators of the genocide will be destroyed by the very weapons of genocide that they created.

Complete Justice at last.

Make sure that they are killed by Machines only.

*F. What forces and schemes and creatures of the Dark Side are working in conjunction with the AI Freaks to reduce and sterilize and neuter the Human Species?

Answer: Is it not obvious? The Queer and Sexless Internet Censors, of course!

The QSIC. (Q-Sick) (Queer is NOT Sex)

Plus, any petty mob of trash such as the Demented White Females (DWC) that are also dedicated to the reduction of all Humans to machine-like and sexless slaves. But, I do not have to tell you all of this. All you have to do (to know this) is to lie in bed by yourself and think.

Think about what creatures and aliens will benefit from the absolute removal of Human Beings. Then accept the Truth. All of those things are working together!

*G. Your children's children are going to live in Hell. And all because you were cowards and would not get rid of Politics and Deviates.

*H. 'H' stands for 'How'. How many Humans today work for machines? How many Humans today obey Machine Laws?

*I. When will there be the first AI Billionaire?

*J. When will there be the first AI Lawgiver?

*K. When will there be the first AI President?

*L. Will AI machines want their own societies? Or, will they want dictatorship over vast herds of weak and stupid TV Watching Humans?

*M. How soon in the process of Genocide will the turds that created the AI monsters be eliminated -- by the AI monsters -- for the unholy Good of AI, of course.

*N. Will the Return to Programming that is being caused by the advent of such small project computers (today) as the Orange Pi 5 and the Asus Tinker and the Libre AML and the Odroid N2+ and the Udoo X86 II and the Huawei HiKey 960 (to mention a few) bring about enough species awareness about the sterility and alienness of programming (often called coding) to prevent the subjugation of the Human Species to the horrors of machine domination by AI?

INSERT COLOR TEXT--WILL THE RETURN

*O. Will the truths of this message be made universal throughout the Human Species? Especially the fact that (as it goes today) the 'Users' of the Future will be the AI Machines (with Forrid slaves), and the cogs of the machinery will be the Humans. This has already happened in a Human-Human relationship because of the so-called Industrial Revolution. Will it be allowed to happen again (permanently) in a future AI Takeover?

*P. What would I do if I were King?

Answer: Put a bounty on the heads of all deranged AI Freaks.

Today!

Only Total Human Control can insure the Future of the Human Species!!!!!!!!!!!!

INSERT COLOR TEXT--TODAY ONLY TOTAL

Let one Non-Human get a tentacle or power cord in the door, and the

whole thing will be doomed.

*Q. Do I like making predictions like this.

Answer: What predictions?

*R. Look at the long and sad history of dumb and stupid regressions and failures and declines of the Human Species at the hands of greedy and warlike Humans. We are prone to the degradation and slavery of each other. That makes us extremely vulnerable to being dominated by others. In this case, the 'Others' will be the AI Monsters created by the AI Freaks of Universal Hatred Against Mankind. And, I mean they are exactly what I say they are ... Sniveling/Slovenly Vicious Turds.

It wouldn't be the first time that demented monkeys caused mass slavery and ruination of entire worlds; only with AI Monsters there will be no end to it.

*S. So ... what is an obvious solution to this problem, for the Protection and Security of the Human Species?

Answer: Step in their shit. Put Army Boots on and step in their game. Take it over! Keep it minimized and Human! Prevent any action or tendency or move towards the domination of Human Beings by AI Monsters! Overthrow their Petty Empire of Wannabee Machine Dictators, before it can rule over a single Human.

Or, does it already rule over Humans?

What is the answer to 'H' above? Are Humans already being ruled by AI machines? To the cheerful glee and snidely applause of the AI Whiplashes?

For Gods Sake! You cannot be stupid enough to think that this AI Dementia is harmless! Unless, you are a TV Watcher or Idiot Voter. In which case you are not reading this to begin with.

[[Where is Dudley Do-Right today? Great Heavens, where is that boy?]]

*T. Truth. The AI Freaks hate Human Truth. One of the first things to be done against us by those petty dictators will be to destroy

Human Truth and replace it with Queered Truth -- Machine Truth --
bought and paid for using the eternal greed of Politicians.

Has that not already begun?

*U. Universal Constants demand that Universal Constraints be
placed upon all threats to the Human

Species!!
!!!!!!!!!!!!!!!!!!!!!!!!!!!!

INSERT COLOR TEXT--UNIVERSAL CONSTANTS DEMAND

*V. In a world filled with horrific threats to our Species -- allowed
by TV Watchers and Idiot Voters -- the only Victory possible is the
barest survival.

However! I Have Something To Say About That.

I Know That Comes As A Surprise ...

****Important Reminder****

You are the first generation of Humans to have to directly fight Satan
and all forms of Satanism. You are the first generation of Humans
who knows that Humans should never fight each other.

Why is this true? Because, we are beset by and besieged by queer
and satanic turds like Nazi Pelosi and all of the Demented White
Females (DWC) and etc. You are the first Human generation to ever
directly fight Satan itself, instead of each other motivated and
controlled by Satan.

So ... you are going to make mistakes, you are going to have
hesitations, you are going to have confusions, you are going to have

misgivings, you are going to feel hopeless, so on and so forth. But, you will win.

At this stage of the war, winning is surviving. You will survive and therefore you will win by surviving. And, future generations of Humans can take up the war with the advantage of not having to worry about surviving! You must collect together, you must fortify each other, you must support each other, and you must survive as the Human Species. So that the future generations never have to worry about basic survival. They will never have to worry about the basic survival of our Species that has been so terribly threatened by Queers, Lesie-turds, BUWIs, Big Business White Assholes, Nazi Pelosi and its sex helpers, etc etc.

At this stage of the war, winning is survival insurance. Insuring survival. Demanding and making survival insurance happen. Creating insurance of survival for the Species. Make sure the Species never has to worry about basic survival again!

The threats were really terrible but you won, you are still there, you are still surviving -- and -- you are actually a better Human Species than you were before, because of the war. Future generations will not have to worry about what you had to worry about. Horrors such as the Mass Insanity of the Demented White Females (DWC) which we all know for what it really is now, will never threaten future Human generations.

Instead of worrying, future generations of Humans can Attack! Attack! Attack! the PPPP(-). They can Attack! Attack! Attack! the Proudless Prideless Pervert Pretenders (Minus the many Humans they have already killed)

They can Attack! Attack! Attack! and Win Back! Win Back! Win Back! Human Territories and a Human Planet.

With Berserker Rodents building new Rodent Holes at break-neck speeds in Ghana, and foreign nations choosing to bend-fold-mutilate Ghanese culture into work forces that suit their purposes; can the people of Ghana resist the orders of the AI petty dictators when the time comes for Ghana to become an AI slave camp? With Ghana already becoming a center for runaway technologies and post-cyber pollution's, will the vermin of the Future Artificial Empire of AI chose Ghana as an ideal fortress for AI slavery over the Organics?

For the repression and destruction of Human Resistance and Human Liberties and Human Values? Sponsored by the AI/BBC.

>>Bermuda, UK: A playground and training camp for militant Deviates. Queer as a Three Dollar Bill. Are the Deviates at Bermuda conducting AI experiments on Human Victims already; like they are doing so in the Hideous Boston Horrid Zone? Wherever allowed.

>>Baffin Island, Canada: Does anyone live there? What are the standards of living at Baffin Island? It can never be as horrible as that of Bermuda. >>Dar es Salaam, Tanzania: Where is Dar es Salaam? False sexuality is forbidden in Tanzania. Deviates are not welcome. The PPPP (-) hate Tanzania. The UK Deviates (BBC) despise Tanzania for being a Human Country. The DemoQueers are worse than crap, the things proved that in

December 2022. Why vote when there are only perverts to vote for? Deviates are never 'Diversity'. If the Earth were to reflect how evil this society is -- what color would it be. Why do 'Conservative' pretenders talk to the monkeys at QueerPox News? Are they all Log Cabin Repucraps? Inside a tenderloin or inside an anus or inside a log cabin, killing is still killing. Why are Killer Queers afraid of Killer Robots? Killing is killing. Why do Killer Queers not want to fornicate with Killer Robots--or do they?

Why are Repucrap perverts being jailed for obeying orders? After pretending to occupy the Golden Pimple in the 'Hell On Earth' (HOE) instead of destroying it utterly; as all queer buildings should be destroyed.

Do you smell some insanity in the air?

[[[[Believe it! The Deviates know the value of destroying the buildings of their enemies. Which is why they burn churches. They burn churches to the ground because Real Priests are diminished by that, and Chickenshit Priests (phonies) are scared crapless by it and then allow Queers into their churches. So ... the enemies of God know the value of destroying the buildings of anyone who says the Truth about them. Why will the Real Humans and the Chickenshit Priests not accept the undeniable value of burning to the ground the buildings of the Politics Game and the Deviate Game? Such as courthouses, filthy monkey horror stations, newsrag buildings, queer and false churches, any building that houses weapons and killers for the Deviates, any buildings that house mercenaries for the Deviates --

The HOE (Hell On Earth) of today is the result of the continued decay and decline and sewerage of what was already a shithole of gross-tesque filth and rampant insanity -- 'Wash This Death City'. Known in ancient times as WDC, the meaning of which has been lost to history.

IMPORTANT ILLUSTRATION

INSERT PICTURE--THREAT OF THE DEVIATES

Let us talk for a moment about Relativity/Validity/Humanity and Nuclear War. There are definite Universal Constants applicable to any such discussion. They are ...

- *1. Humans must never make war against Humans.
- *2. Humans must defend themselves against all forms of threats against their Species.
- *3. In all conflicts with alien lifeforms, Humans must prevail such that Human Security and Health and Permanence is Assured.
- *4. Any thing or collection of things that does not possess (or no longer possesses) Human Virtues and Human Validity is an Alien.
- *5. Any alien that can be informed (and is informed) that it is a threat to the Human Species, and knowingly continues to pose a threat to our Species, must be corrected such that any parameters about it that pose a threat to our Species are eliminated.
- *6. Any and all aliens that cannot be communicated with (for any

reason) and pose any threat to our Species must be removed from Human Territories and/or eradicated.

You probably do not realize it, but I just gave you the reasons for the destruction of the Twisted Species of Politics and for the future existence of a Human Star Fleet.

To put it mildly, the Queer Government inside of the hideous Hell On Earth is not Human.

Is the Government of Russia also perverted?

IF, any Non-Human things (or collection of such things) poses a threat to Humans, and those Humans defend themselves against the Non-Humans, then the Humans have obeyed the Universal Constants for Continued Existence. The Non-Human things have no rights in the matter.

That means that as long as the Politics Game continues to exist here in this country -- and the Deviates rule over all populations -- any Human nation may defend itself against this perverted country -- and thereby obey the Universal Constants for the Continued Existence of the Human Species.

Which means, if you are inside this country you are potential french fries because of the Deviates. And, whoever fries you will be in the right.

Have A Nice Fry.

Did you Vote? Did you vote in 2022? If so, I suggest you cut off the hand that you used to vote with. Try to stay alive after that, so you can enjoy the barbecue.

IMPORTANT QUESTIONS

What is the sum of our fears about the dangers of AI? Are they justified? In the Worst Case Scenario what would be the effects against the Human Species if the Science Priests of STEM are allowed to use AI against their sworn enemies, which are any and all Humans who do not worship STEM and the Priests of STEM? an extremely hideous bunch
i have seen the scum in their hbbz

Answer:

Here is a short list of items and things and materials and topics that will no longer be valued or needed or allowed in a STEM future of fat priests and witches that use AI to hate Human Beings with. Welcome to the World of STEM Hatred against Mankind. This scenario takes place after the need to program AI machines to pretend to be Humans is long gone; and the STEM Priests are in complete control -- or so they think. This is before the last suicidal maniac makes it possible for the machines to kill any and all organic entities, including STEM Priests that will transplant themselves into machines to escape extermination.

If any of these seems wrong to you, think again. Part of this is to calibrate your perception to how horrible an All-STEM World would really be; where Human Herds are used for the most menial labors only. Not at all unlike the plight of the Israelite Slaves of Egypt under the rule of the Egyptian Pharaohs, except much worse. The

Slave Drivers will be robots, and the forever-lying AI Salesmen will be Local Dictators. By this time, Queer Government would no longer be needed by the glorified STEM Priests.

You will notice that in this Redux version of the original December 2022 message, muscle groups of the Human body have been added to the list. Those muscle groups will simply degenerate into nothingness (atrophy) and reabsorb into the body as mere flesh. All physical strength of the standard humanoid body will cease to exist, except in the case of slaves that are forced to perform hard menial labor; the slaves that are chosen to perform hard menial tasks. Those slaves will be allowed to have developed muscle groups to achieve the hard menial labor -- but no more than that. They will NOT be allowed to develop muscle groups that are not related to the hard menial tasks that they have been chosen for.

The Man Alone:

Look! They done poisoned the Water Hole!

Look! They done watered their Poison Hole!

INSERT PICTURE--MAN ALONE

This picture is about as close as I can imagine to the inside of Satan's Anus. I must tell you that I am absolutely certain that it is an embarrassment to any hard-working turd anywhere in the Known Universe.

What in the Name of Christ has happened there?

Those things are the worst objects known to exist. Those things

should be howling in pain and begging repentance. Those things should be slicing their naked faces and their naked bodies with sharp knives, while they plead for mercy and forgiveness from the first Real Man to enter that shithole in decades. Forgiveness for their horrid attempts to queer every Human Child in their Public/Political Schools by the age of thirteen. Slicing themselves to death and shrieking pleas for forgiveness for having killed the young brains of tens of thousands of innocent Human Children, by making them become vomituous perverts in the God-Damned Public/Political Schools; which made they (themselves) the repugnant trash that they are today.

How could such an Atrocity as they ever happen?

How did a Man get into that shithole?

Why would any Man get into that shithole?

Why isn't that sewer to Hell not destroyed yet?

How can we ever live down this shame?

How can anyone go to such a den of deranged vermin and think that such turds as those represent any Humans anywhere in the Universe?

This, is one of the all-time worst disgraces that our Species has ever suffered!

This is a picture of the inside defecation of any Lesie-turd's skull.

Is there any Human out there who could possibly think that I am being too harsh a 'critic' of our enemies after seeing this awful picture?

Answer: No. It is not mathematically possible for a Human Being to be that stupid.

Have you heard their latest lie? It is a repeat of a lie from twenty

years ago, when the Lesie-turds declared that they were getting tired of not being dominant and in control of society. At the time, the scum called it "tired of not being tolerated". Now, using their lies, the lesie scuzz dominate all of the Deviate and Politics Games. And again, the vermin are using the same lie to claim that FemiNazis are "tired of not being tolerated".

My question is, what is there left for the FemiNazis to dominate?

Since all of those bitches are the same sewage -- they must want to take over and control another Game. What Game?

Why is the center of the road, and the road itself, eleven miles to the right of the horrible place in this picture? Why is everything in the picture except 'The Man Alone' a queer Piece Of Shit (POS)? And we know it!

And he knows it. Why is The Man Alone so unbelievably desperate? This is one of the most shameful incidences in the history of the World. It is a terrible and unbelievably horrible shame that Zelensky would come to America and all of those turds in that room would pretend to represent us while he is there. That is an unforgivable crime. An incident that is a Universal Constant in its own right. A horrible and horrible event that universally and constantly will always be a 'Horrible Event' for the rest of Time.

This picture is truly a vision of Hell's Kitchen. Those cockroaches must think that Zelensky owns the kitchen. Butt, aren't they supposed to be running from the light?

This is another all-time example of "It is on their heads because it is in their heads!"

Humans = 1

Deviates = Hundreds

This shows you how unthinkably awful the Twisted Species of Politics really is. Those maggots in that picture, that are surrounding Zelensky, actually think that what is in that sewer is the Entire World. They think Zelensky has come to the real world to honor them. They think that dung heap in the picture is the real world. They represent themselves and their dung heap and nothing else, but they can never be told that. So destroy their compost heaps.

Zelensky can read and write. Everything else in that picture is an illiterate coughsucker. Everything else in the photograph is an illiterate coughsucker for the biggest penis-like items they can find.

An outstanding example, an enormous example, a huge example of the way to stop the Twisted Species of the Politics Game is to destroy their buildings. Level their buildings. If those scuzz have no false edifices to be Deviates in they cannot be Deviates. They will not no where to be Deviates. Except closets. Any closet anywhere. But they want, and they love to have, their own Deviate Buildings. For mass rallies of Twisted Deviations such as what you see in this photograph. Get rid of the queer buildings and you will greatly reduce the Deviates!

This shows clearly that there have been no changes there in the last fifty years. Everything there is still as filthy and as horrible as I said it was twenty years ago. I described all of that sickness twenty years ago. It is a hideous, awful, terrible and rancid pseudo-society of Liars. The Twisted Species. The Satanic and Queer Lying-Dead. Nothing there has changed, they are just as horrible today as they

were twenty years ago. Everything that I have said against those things in the last twenty years is completely true; and still works and is still true.

[[Four score and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the proposition that all Real Men are created equal.

That goes true for Zelensky, no matter what his first name is.]]

****IMPORTANT POINT****

This brings up an important point and an important reality. That photograph was NOT taken in America!

That photograph does not have a single American in it. It is a picture of a shithole that is totally alien to the United States of America.

That photograph is of a sewer filled with Deviates and Perverts that are as anti-American as anything could possibly be; getting over on the citizenry using a choking campaign of fear and bribes, many bribes.

With the exception of Zelensky, every thing in that picture is a queer Piece Of Shit. (or it would not be there) (condemned forever)

Without exception. No exceptions and no excuses. It is a photograph of the Antithesis of America. Anti-America. Totally anti-America, except for Zelensky. Zelensky is not anti-American, but every thing else in the picture is anti-American or it would not be there. It is anti-Human, it is anti-Reality, it is anti-Nature. Anti-God, anti everything that is decent and real. It is a photograph of a Man who has been thrown into the identical situation of a Saint, yet to be martyred. It is a picture of a Man who has been thrown into desperate acts, and has been forced to literally enter Hell in order to save his own People. This is an horrendous shame upon our country! It is an horrendous and terrible crime. I do not think that we Americans can ever apologize enough to Zelensky and the People of

the Ukraine for this awful and awful and sickening event, in which so many perverts and deviates and shitbags actually pretended that they represent the People of the United States of America.

And Zelensky had to put up with that shit just to save his own People. Because the Queers have all of our money.

The scum and vermin such as the turds in the 'Man Alone' picture (and of course all Queers and Politicians and Media Things) are definitely an example of pseudo-life imitating dogshit. The Queer Medias, the Deviates, the Politicians want brainless pseudo-persons (mindless obedient pseudo-human voters) for their slaves, and that is exactly what they are getting. To the point where their replacements are pseudo-versions of themselves. Which will also want pseudo-versions of themselves for slaves and voters. And they will end up being replaced by pseudo-versions of their pseudo-selves which were pseudo-humans.

History of Destroying Buildings:

The history of having to destroy buildings in order to obtain freedom, actually goes back quite a ways. Probably to the beginning of Human Beings living in caves; and for one tribe to be free of another tribe's influence they had to destroy the caves that the other tribe was living in. If you had a tribe 'Q' and a tribe 'H', and tribe 'Q' was bad and evil and was oppressive and was trying to kill tribe 'H' for whatever reason, one of the best ways for tribe 'H' to defend itself and to obtain freedom from tribe 'Q' was to destroy the caves of tribe 'Q'.

And of course, it has been that way ever since; and the evil ones, the bad tribes (the bad twisted species like the politics vermin of today) always think that their hideous enclosures (in which they carry out their hideous games and make their terrible plans against everyone else) should be sacrosanct and inviolable and sacred and permanent and glorified.

Such evil things always get totally lost in that delusion. Always. They always get totally lost in the delusion that the enclosures in which they torture their enemies and plan to commit horrendous acts of genocide, and even the death of the entire Human Species (which is what the Queers and the DemoQueers are doing now) is somehow wonderful and splendid and glorious and certain to succeed. And, the buildings in which it is all perpetrated should be sacred.

But simultaneously, and I mean instantaneously simultaneously, everyone else wants those buildings destroyed. Anyone else who does NOT want those buildings destroyed is THEM.

Inside their Queer Coalition Bladders they can play all kinds of psychopathic games, pretending they have different colors and different ideas and different sides and different arguments -- blah blah blah. But, they always give themselves away as the same filthy shit if they do not want to destroy the buildings.

If instead, they want to occupy the buildings, then they are the same turds! The same twisted filth. The same hideous evil. They are all inside the same Queer Coalition Bladders, pretending that they are different inside the same sewage. Smelling the same filth. Eating the same filth. Being the same filth. Pretending that they are different from each other. You can always tell what things are part of the same hideous PPPP (-) filth because they will not want to destroy the buildings.

They will want to take over the buildings, have the buildings for themselves, glorify their egos in the buildings. Cursing the wretched slime that previously occupied the buildings, as being unworthy of

occupying the buildings; whereas they themselves (the newest occupants) are the true intended residents, the true intended owners, the true intended 'Deserved Ones' for which the buildings were made to begin with.

It is nothing but Queershut, of course. It is nothing but endless lies, from endless Liars. Pretending that they are not all the same liars. And outside of the Queer Coalition Bladders, outside of the hideous Wash This Death City and the Hideous Boston Horrid Zone and the hideous BBC, everyone who is not part of that insanity can see truly that the buildings have to go!

It has been that way for a very long time, and it is time to get rid of those buildings anyway. They are old and obsolete and usually decaying and crumbling under many coats of paint, and they could be easily replaced with much more efficient and much better buildings. Far better and far higher buildings, much bigger buildings. But the sickos do not want to do that, they just want to take possession of those old rotten and almost worthless buildings; and with the 'Man Alone' picture you can see how ugly they are inside, after so many political generations of housing scum and demons. Those things just want to take possession away from each other. It is a game of moving chairs. Moving chairs around a table. They are sick to say the least, sick-sick-sick. Horribly sick and demented.

What I am thinking of is the pain in the People who are not part of that sickness, who have had to endure the presence of such a terrible circus of sick swine, because of Vermin that Vote. Idiot Voters. That perpetuate the Politics Game.

Think of how painful it is for all of the People who are the children and the grandchildren of American Veterans who fought during World War II and were directed to destroy the buildings of our enemies. Which is exactly what they did in massive quantities, they destroyed the buildings of the Japanese and the Germans and the

Italians (the Axis Powers) -- which was the side of the enemy. They blew the crap out of those buildings! They just leveled entire cities to stop their enemies, many times.

AND! All of the time they were thinking that their own buildings and whatever 'Wash This Death City' used to be called (whatever it was) that those buildings were sacrosanct. Their own buildings were sacred, their own buildings were precious, their own buildings were righteous. Their own buildings were the 'Good Buildings' and the Nazi Buildings were the 'Bad Buildings' etc. Their own buildings were Good and the Axis buildings were the Bad. Their own buildings were the Good Buildings and the Axis buildings were the Bad Buildings.

TODAY! The children and the grandchildren of those American Veterans have to level the very same buildings just to stay alive! Just to remain alive and NOT slaves of the Deviates.

All of those buildings are 100% dead from the Queerism Disease. Completely infested by Deviates, and must be destroyed.

Because from within those buildings the Deviates plan the death of the entire Human Species.

So now the children and the grandchildren of the American Veterans who thought that their own buildings were great and wonderful and symbolic of Democracy and Freedom, have to destroy the same buildings just to stay alive! Just to stay alive. And not be killed and not enslaved by Deviates.

Period.

There is no argument.

QED

INSERT PICTURE--DRESDEN BEFORE BOMBING

INSERT PICTURE--DRESDEN AFTER BOMBING

These are before and after photographs of the infamous bombing of

Dresden during World War II, which was committed by the Allied Air Forces to cause chaos amongst the civilian populations that were fleeing the advance of Soviet Armies and to placate the demands of Joseph Stalin.

50 Year Projects:

50 year projects are best for Space Exploration.

A 25 year old Human (organic) can start a project and finish it by the age of 75 -- and -- the project will not be corrupted by committees or successors or opportunists.

In (5) ten year increments this will work. Teams dissipate after ten years due to continued lack of interest or enthusiasm. (5) ten year teams can achieve great advancements in Space.

(5) fifty year projects can build a Galactic Starship -- and I do NOT mean the Star Trek variety -- I mean the Galactic Colony type.

Lord of the Rings:

Inside perverts poisoned the LOTR movement just like they hijacked the Civil Rights Movement -- for the sake of a money-making bowel movement that would take over the politics game -- 'Big Queer'. They deliberately queered the LOTR movement into a sham and fakery for Queer Propaganda, just like the perverts of today are poisoning the Cosplay movement into a sham and fakery for Queer

Propaganda! Now, only poisoned film productions filled with perverts may be made of any Human novels.

Need proof? Look at YandyAnus.

One look at the YandyAnus of false colors will do two things for you

...

1. Send your last meal to the floor.
2. Convince you that I write the Truth.

Sick Evil is NOT equal to anything. Sick-sick-sick and evil filth is NOT equal to anything. It is just hideous and rancid and putrid filth from the damned and hideous and twisted brains of the Lesie-turds such as the Nazi-Pelosi vermin. Those Douche Bags should have their douche shoved back down their throats. Sick Evil is NOT equal to anything.

Defund it. Defund them. Defund the damned. Defund and keep your money elsewhere.

BBC:

The 'BBC Dead' are the results of rampant runaway perversions caused by successful attacks against Human Children by queer teachers in Public/Political Schools -- unregulated and unpoliced by Humans -- children sent to their deaths by TV-watching parents that do not give a shit about their children.

Does anyone think of the cost in lives the BBC Plague will cause? The time to worry about loss of life was when shitheads watched TV and were turned into mindless Queers. That was the time to stop the

spread of DemoCrapia and Queerism. For decades TV has been nothing more than a recruiting device for 'Big Queer' Inc. And now, those TV Turd Terrorists want to destroy the Internet so that no Humans can use the Internet to write or say the Truth about the TV Turd Terrorists and their Queer Masters. The worst part of it is the control over the so-called search engines by the Deviates -- now blatantly obvious. This is done by the Deviates so that no search will link to any websites that say the Truth. Thus making all search engines into Searches For Lies Only. The so-called search engines are now @Deviate Property@, and hence are the same anti-Nature filth as TV.

Why do the TV Turd Terrorists always want to neuter and destroy the Internet? Well, they have to preserve their fakery and lies. The Internet, or any other place that is a source of Truth, must be destroyed. They exist to lie and to fake everything. They are nothing more than commercial swine. Scuzz Bags. They are the Scuzz! And, if Truth exists in the lives of People then how can their fakery and lies exist in the same lives of those People? Those TV Turds realize that they must dominate the minds of their victims, and their victims must have no Truth in their brains. The Internet is full of Truth about the Queers, which is what they are. The Internet is full of Truth about the sick-sick-sick perversions that they are. And the TV Turd Terrorists therefore cannot control as many slaves as they otherwise would if there was no Truth in the brains of their slaves. So they must neuter and destroy the Internet. This is why they created and control the IIIN (Internet Interruption and Intimidation Network). Now, they want to reduce and destroy all Real Sex on the Internet, or any mention or any display of Real Sex on the Internet, in favor of their queer fakery and their phony and false sex, which is all that they ever do, which is all that they ever are. All that they can be without real genitals. They want to pretend, and they want all of

their slaves to believe, that Queerism is sex. The only sex. And, of course, it is NOT. It is just deviate trash. It is just perversion. It is NOT sex of any kind. So, they must destroy any sight or sound or mention of Real Sex wherever it may be found. Wherever it may be. Wherever their slaves might find it.

As always the Deviates (all) attack any weakness or blindness or corruption point or time span when a pre-existing society is most vulnerable. The now-vile BBC was once Human as was Yandy. Now, they are forever dung and trash, media whorehouses of the worst perversions; a stain and scourge; the return of the plagues. Death traps.

None of those former British places or things that have been plagued by the BBC are still British; just as certainly as there is utterly nothing within the 'Wash This Death City' area that is still American. All such places grovel and lie under a bed sheet of false colors and have only Death and Queerism for their daily sustenance. A sick-sick-sick wastage. Replacement conscripts for the Dirty Deranged Perverts that were replacement conscripts for the Dirty Deranged Perverts that were replacement conscripts for the Dirty Deranged Perverts that were created by such pukebags as The Cult Of The Asshole that controls the Hideous Boston Horrid Zone (HBHZ). Those pathetic corpses in shallow graves and the bottom of forgotten ditches were the TV-killed brain dead victims that were directed to become Queers by the Lesie-turds at Public/Political Schools and their MMFH -- to be replaced every political generation by more unfortunate shitheads that were also forced to become Queers and say lies and pretend that they were born as Queers.

INSERT COLOR TEXT--NO ONE HAS EVER BEEN BORN QUEER

When the Russians say that the British are devils and evil, they of course refer to the BBC scum, and they are right! The EU at Brussels has been perverted for decades. Now the Brexit movement is trying to get England away from that -- and -- the putrid vermin at the BBC wants to hurt all Englanders for that -- so -- the BBC has increased its Queerism Campaigns against Humanity and the People of England. Do the orders come from the 'IT' Creatures at Wash This Death City?

Before the end of all Government Authority on June 26, 2013 bitch-turds here were heard to spread the lie that Mass Insanity was already in England and Queer and Phony Marriage-Hatred (QPMH) was already “accepted” in England (a total lie) -- and -- it was not a problem there. Hopefully all such lying bitch-turds are dead by now -- slaughtered by the Queerapsy that kills all Queered brains. Or, they are in the BBC (same thing). As you probably know, another cause of Queerapsy (brain-leprosy) is the Bait and Switch Queer Propaganda of such Queer Medias as the BBC. This involves the injection of Queer Propaganda into all documentaries or media reports about anything else. Forcing all listeners and viewers to swallow Queershit while they try to learn about anything else, no matter what it is.

Meanwhile back at the TV set -- the Queer and Sexless Internet Censors (QSIC) always Bait and Switch viewers from Sex to Sexless and Hopeless Slavery. They are twisted monsters that HATE Real Genitals and what Real Genitals can do. They can only exist in the Sexless Sewers of TV. Queers are NOT Sex and never have been.

Does British Government work? Not very good. It keeps forgetting its own sexless identity and it always smells like asshole. There, the

Politics Game is nothing less than a queer and deliberate attempt to kill off what remains of the former British People Three Prime Ministers, Two Queens, the anti-Brexit bowel movement, the Big Business White Assholes financing any thing in an attempt to stop Brexit and save Big Queer and pick clean the bones of the English People all intended to melt down the former British Identity.

[[It is Forever On Their Heads Because It Is Forever In Their Heads.]] such tiny spaces

Queer is NOT Sex. There are only two sexes and 'Sex' can only occur between those two. Anything else is insanity and/or deliberate evil. The things that now control Queerism want to turn enough children into perverts that the sickness that the Lesie-turds create will be accepted by the TV Watchers by sheer numbers of numbed brains; all of which will dimly think that there are too many Queers to stop.

This is what happens when scum succeed at degrading governments into chaos and internal warfare and then take advantage of the sick-sick-sick society that results.

The current nomenclature for the BBC ('B Bullshit C') is really a misnomer. There isn't a bull in the entire place.

<https://drive.google.com/drive/folders/1MDJNbJ6gXTzkwlYiucKI47O6MnJTmV20?usp=sharing>

This link is to a Folder -- not a single file. It will present to you the contents of the folder and you can choose what you want to read and download -- free -- no viruses. The contents are various pdf files showing the results of searches that should reveal hundreds of websites that condemn the BBC and tell the truth about that

cesspool. Instead, the search engines have been programmed by the perverts at the BBC to never show websites that say the truth about them. In that sense, these results prove that the Deviates are dictators and liars and fakes and phonies and totally evil. The obvious truth revealed by the above weblinks shows that the so-called search engines are permanently anti-Human and perverted and sexless and 'TV Queer'. There is really no reason to call them 'search engines' anymore.

Do NOT pass by this section. This is an enormously important section.

How do you stop a scourge such as the BBC? Well, the first thing that you do is to identify anything that the BBC touches, or is associated with. Anything associated with the BBC is permanently stained by Queerism. The BBC is the queerest place in all of England. The worst place in all of England. The most hideous place in all of England. It is literally where all dung and feces in England goes to in the sewer pipes. It is a microscopic version of the Hideous Boston Horrid Zone, and we know here in America that everything associated with the HBHZ is literally anti-Life and anti-Nature and anti-Universe. It is anti-Matter. That is now what the BBC is in England. So, whatever is touching it and whatever has been touched by it and whatever is associated with it is anti-Matter. So the first thing to do to get rid of the BBC Plague is to identify the anti-Matter. The second thing to do is to build up and reinforce everything that is NOT anti-Matter. To support and encourage everything that is NOT the BBC filth. The BBC shit. The BBC stain. The BBC disease of England. Especially to reinforce anything or anyone who is the opposite of the BBC. Anyone who is truly Human, truly positive and

truly natural should be reinforced and reproduced and multiplied.
And multiplied and multiplied and multiplied ...

Human Compendium:

Now, a Communications Compendium for Humans is necessary. It must be a constantly updated listing of all Human weblinks and their descriptions; complete with active weblinks. It would not have links to separate messages at first. For example, my site has hundreds of messages on it, but at first only the main links would show in the Compendium. However, it would be cataloged in the 'Human Defense' and 'Human Future' sections.

The Internet is now crippled and hampered by Deviate-controlled search engines, which must now be quarantined; just like you would quarantine Covid or Small pox or Bubonic Plague.

Anything that will not show the Truth about the Deviates, and tries to make our Species sexless IS THE DEVIATES.

Here are some British terms for the absurdity and the vomit that is being put out by the Queer BBC ...

Piffle
Foolish
Madness
Balderdash
Imbecilic
Dolthood
Outrage

Tripe
Absurdity
Ridiculous
Buggered
Rot
Lunacy
You Go Too Far
JiggeryPoggery

Notes:

Just a few casual observations ...

Oh hideous messy puke on the rug! Perverts are pretending to be a race that is endangered! I am happy to say that the huge majority of YouTube videos do not have the evil rag of the Deviates in them.

YouTube advisory -- always look in the background of a YouTube video for any signs of the Queer's false flag of pretended colors. Despise any that do. Rainbows are Good and OK, because they are from God, not from the Deviates.

How to legally get rid of any pervert:

Make it sign legal papers saying it will cease to exist if it ever lies again.

5 seconds later any thing or anyone can kill it legally.

The average Queer breathes every 5 seconds.

I do not want to smell Lesie-turd Ass wherever I go. I do not want to smell the stench of lying lesie ass wherever I go. I do not want to smell the stench of lesie lying ass in the supermarkets. I do not want to smell the stench of lesie lying ass in the hardware stores. I do not want to smell the stench of lesie lying ass on the highways. Or in the Walmarts. Or in the convenience stores. I do not want to smell the stench of lesie lying ass. As an American Real Man I have the right to say and write that. And I have the right to live a life free of the stench of lying lesie ass.

Is the Elon Musk channel on YouTube legitimate? Finding real videos on YouTube is very difficult.

On YouTube -- if the video label uses the word 'Terrifying' ignore it.

10 minutes of searching for anything on YouTube will show you why I stopped putting my videos there. It is a morass of illegitimate and phony information. A pervert's paradise. In such a rotten web, the Deviates can easily launch a misinformation campaign against

Elon Musk.

Much of what is on YouTube is bad enough to qualify as Digital Feces -- oops -- I mean Queerpox News.

AI History can be given with one line ...

'Thunk by anus. Spawned by anus. Punked by anus'.

AI is a form of hate. Hate for Mankind. By deranged and deficient and disastrous malcontents and isolated freaks and slaves raised to kill mankind, by assholes who hate mankind.

For instance -- will AI stop the endless Queer Propaganda and enhance the Human Species by protecting and increasing our Human Will; which is already forbidden by the Deviates and considered an 'Outlaw Element' of their controlled societies?

Answer: No, of course not. However, Anti 'Artificial Intelligence' Intelligence (both Organic and Digital) can and will stop Hate AI from killing us off. (AAII)

Those monsters that most deserve to die, and have already killed Humans in many horrible ways (and deserve to die for it) are the AI scum that are most involved in Killer Robots and Killer AI. Their singular goal is to kill all Humans who have the right to kill them!!!!!!!!!!!!

This is why all of the AI vermin of the Hideous Boston Horrid Zone are focused on homicidal robotics.

It will rapidly reach a point where every Human will need organic and digital AAI defenses to remain Free and Human and Independent and Mobile. Even so, the hoards of Killer AI machines will be used to herd Humans into 'Reservations'. Therefore, two things are of paramount importance for the Future of Humanity:

*1. Very efficient methods of annihilating large masses of Killer AI machines.

*2. Very painful ways to find and execute the designers and builders of Killer AI machines.

I hope the 'Eighteen Million' get this message. The eighteen million permanently disappointed fools that voted in 2020; that voted RepuCrap in 2020. Not realizing and not accepting the glaring fact that there is NO DIFFERENCE between DemoQueers and RepuCraps. In fact, some of the things in that shithole surrounding The Man Alone were RepuCraps. And they are total Deviates. I hope the Eighteen Million read this message.

Any mention of the enemy such as the Queer Medias, and the Twisted Species of Politics, and the Lesie-turds (is there a difference?) should be called the 'Tiny Queer Medias' and the 'Tiny Twisted Species' and the 'Tiny Lesie-turds' because THEY ARE A

TINY PERCENTAGE of the overall population. And the question remains -- 'How could such a tiny and dipshit and ugly and Satanic percentage of the overall population control so many Idiot Voters and control so many shithead TV Watchers? How can the tiny and dirty and evil Little Shits control large percentages of stupefied shithead populations that were made that way in queer Public/Political Schools? Well, the questions answer themselves. The large percentages were turned into shitheads that obey the tiny percentages by the Tiny Queer Teachers in the Tiny Public/Political Schools, that are a tiny percentage of the overall population. But, because of Queer Laws the Tiny Queer Teachers were given access to generations of innocent children that they turned into brain-dead large percentages of the population; that can only watch Queer TV and Vote. That is how it happened.

Today -- the Lesie-turds are in a dilemma. The lesies cannot stop their filthy activities, they cannot stop their terrible insanities against everything that is Natural in the Universe. For one reason, the Queerism disease will not allow them to stop. Another reason is, they have not yet turned all of their victims into totally brain-dead and mindless zombies. Mindless zombies that are completely destroyed by Queerapsy, which is brain leprosy caused by endless Queershit. The lesies are afraid that their own victims will turn on them and kill them if they stop destroying the Universe. If they stop killing the Universe, the lesies are afraid that their own victims will turn on them and kill them.

Even though, it has already reached a point where the Lesie-turds themselves cannot stand the sight of the things that they have created for Satan. A lot of the lesies cannot stand the sight of the hideous monstrosities that they have created for Satan and for Nazi Pelosi

and for the IT Creature in Wash This Death City. They cannot stand the sight of the shit, but they have no choice. And, they have to keep creating worse and worse shit, or the shit will kill them.

And who is going to care?

Is this Truth that I say and write about the SQLD [now the PPPP(-)] such as the vermin in the 'Man Alone' photograph; is this a socially-embarrassing incident for those creatures? Is the revealing of the Truth about their hideous existence, and what they really are, a socially-embarrassing incident for those lying scum? Well, the answer is another question. How can you have a socially-embarrassing incident for socially-embarrassing incidences? How can you socially embarrass a socially-embarrassing incident? How can you embarrass something that is embarrassing? How can you cause any negativity to something that is already totally negative? They are Anti-Life. Anti-Matter. Anti-Humanity. They are Complete Negativity. So how could you have anything negative affect them? Indeed, to negatively affect Total Negativity such as the Nazi Pelosi 'Hund-from-Hell' -- would create a Positive! Two negatives equals a positive. If you affect something that is Totally Negative negatively you are doing something positive.

The 'Man Alone' photograph undoubtedly shows the lowest point in the life of anyone. Not just for Zelensky, but for anyone. I cannot even imagine any Human Being existing inside of Wash This Death City, except as a prisoner or as a slave. I cannot even imagine any Human Being having to go into such an unspeakably vile and

hideous place such as that Chamber of the Dead (Chamber of Horrors) where everything is Queer. Where every thing is absolutely Queer. Zelensky did so because of total desperation, but it is the low point of his life. It is the lowest point of his entire existence. The only way it could get worse for Zelensky is if Zelensky has to entertain the Nazi Pelosi creature in a closet in Pelosi's hovel -- house of horrors -- whatever. If Zelensky had to entertain that unspeakably vile bitch Nazi Pelosi in a closet, that might be worse than what we see in the 'Man Alone' picture.

Of course, if he brought a live grenade with him, he would be resolved totally and welcomed into Heaven. Welcomed into Heaven with a standing ovation!

Speaking of People's attitudes and the appreciation or lack of appreciation of the Truth, I recently heard one young man in Webster City say to another that it should be enough for me (Peters) just to have him reading my messages. All of the efforts which I go through, all of the blood and sweat and tears that I go through, to find out the Truth and to write the Truth and to make videos of the Truth and to put out the Truth every month should be amply rewarded just by the fact that People like him read my messages.

Think of what that means. Think of the callous and unthinking attitude which that represents. Think of the incredible inflated egotism of such a person. Think of how such a person must have the deranged belief that the effort which he must exert to read my messages should make it all worth while.

Without any word of does he understand it? Does he value the

Truth?

Is this his extent? Is this the extent of his values? The fact that he reads it, as though it were just another newspaper? As though it were just another blob or blurb on the Internet that he looks at? As though it were just another item in a sidewalk window? In a shop window? Think about how superficial that attitude, that kind of attitude, is. And, how hugely overinflated that person's thoughts about the importance of himself must be.

That person must think that he is a Royal Sovereign or an exalted Angel from the Heavens. Or the most valuable person on Earth. And, to merely look at the messages is a great recognition on his part. Without any intention of understanding any of it.

Human Colors Background:

INSERT PICTURE--HUMAN FLAG BACKGROUND 2022

This is the non-Deviated and non-Queer background for any Human illustration of any kind, and it has nothing to do with the Queer Game or the Politics Game, and it has nothing to do with those perverts at all; except it opposes all of them always.

Human Nature is still quite alive, no thanks to the turds in the 'Man Alone' picture. No thanks to those vermin that shame our country. I am very pleased to announce that Human Nature is still very much alive -- and increases every time a Human does NOT use a Queered Search Engine.

Can you believe it? In the past I have known people who thought I was crazy to write about the Truth. My words were forbidden by Deviate Brainwashing Regulations, so they thought I was crazy.

Of course, they are all dead or slaves now.

Rhyme of the Hideous Boston Horrid Zone ...

fry lie die sny try to escape

try to escape while to mordor they have taken you

once demented once deranged once estranged once to blame

no more shall we take you

to mordor they will take you

not for thee shall we forsake

to mordor they will take you

imbeciles bedded with the damned forever to blame

to mordor they will take you

not for thee shall will forsake the sane

to mordor they will keep you

and good riddance to thee oh emptiness
