

### **TASK**

- Read and answer the following problems.
- Remember how you solved each problem.
- Take a screenshot and of the problem and your working out in your maths book and post to your blog.
- Remember to include the WALT and 2 sentences to explain what you learned.

WALT: Solve number problems by counting on or back.

#### Problem One

*Todd collects 11 eggs from the hen house. On the way home he drops 2 of the eggs and breaks them. How many eggs are left?*

#### Problem Two

*I cook 18 cookies and Ben eats 6 of them. How many cookies are left over?*

#### Problem Three

*There are 17 carrots in the fridge. 9 of them have gone soft and have to be thrown out. How many are left?*
