

Fantasy Grid League Sweepstakes

Sponsored by timeCapp (@timecapp)

On this page you will find the RULES OF THE GAME for Fantasy Grid League Sweepstakes 2023 season, ELIGIBILITY TO WIN, the LIST OF PRIZES, and, when the competition is over, THE LIST OF WINNERS. (versión en español)

Fantasy Grid League Sweepstakes is a game of analysis, research and strategy. Create your team or teams. The teams with the most points WIN.

RULES OF THE GAME

- Download or update the BYND FITLAND app from your [App Store](#) or [Google Play](#)
- Register with a valid email
- This is a FREE TO PLAY Sweepstakes style contest
- Select **FANTASY GRID – CHAMPIONSHIP WEEKEND** from the list of Featured Events or enter the Competitions area to find it.
- Click on the “**Fantasy**” button.
- Read the directions and Accept the Terms and Conditions
- Click on **Create Team** (My Teams section)
 - In this contest you will have a predefined budget.
 - All Athletes have a fictional value assigned based on their relative placement in one of three Player Positions (Category): **Bodyweight Specialist**, **Strength Specialist** and **Utility Player**. The average impact points (**AIS**) per match determines their value.
 - Select the specified number of Athletes from each Player Position (Category). You can select any athlete from any team. *NOTE: Select wisely, as this Championship Weekend includes both semifinals and final matches. If your athlete does not go through to the final, they will not score points for your team in that match.*

- You will only be able to select Athletes that appear in Green. If they appear in Red it means you do not have enough Current Balance in your budget to be able to select them.
- Play with the combination of Athletes to create your fantasy team within your budget.
- *If we are able to determine whether an athlete will not participate prior to the submission deadline, the athlete participation status will be updated in the app, giving you the opportunity to edit your selection.*
- On the Athlete Fantasy Grid Card, you will be presented with information that will help you decide who to select.
 - The **Points Score** (inside the Golden Ticket in the front) is the Total Impact points from the previous match week. *(If the athlete or team did not participate in the previous match week, it will indicate 0. If the athlete or team played two matches on the same day, then the points score will reflect the total points for both matches)*
 - The highlighted **AIS** is the **Average Impact Score**. This is an average of the Total Impact points the athlete has scored per match that they have participated in.
 - In the back of the card, you will see the **Points Per Race** for the previous match week.
 - The sum of each of your selected athlete's Total Impact Points of the LIVE matches will determine your Fantasy Team score.
 - The Fantasy Team with the highest overall score wins.
- Once you have filled all of the athlete slots, Save your team and you will be in the game!
- You can submit ONE (*) free entry. *Check out the opportunity to create more teams below! **
- You can submit, delete or edit your team until 30 minutes prior to the start of the first Match on **Match Day**. After that you will not be able to edit, delete or create new teams.
- The teams with the greater number of points will be the winners. There will be as many winners as prizes available.
