

(mention of onlyfans, bullying, pedos)

Hello, this is JK/JKTheCool. You might know me on Bluesky/Tumblr, but I used to be on Twitter. I'll explain the reason why I left that site and how much it damaged me.

Firstly, I bullied a fursuiter by the name of Connie Jonika. If you don't know who she is, she's a fursuiter who's known for making shitty AI art, lying, and is also a Zionist. While she has been called out times before, I was on there for a little just to bully her. I even made a thread on Bluesky on one of her posts (she's on Bluesky too) saying that she should quit AI. I was shocked with the response I got and blocked her shortly after. Back to Twitter, I got a DM from someone showing more on what she's done, and it was shocking. I won't mention any specific details, but one of the screenshots was about Connie bullying someone who had brain cancer, which was absolutely fucking rude. Besides that, Connie was also in a post with a fat fursuiter, despite the fact that one of the screenshots mentioned her saying that fat furs are pedophiles. Besides what I've done, fuck Connie Jonika. If you're reading this Connie (which I'd doubt since you've blocked me), thank you for ruining me. I was in tears, about to cry when I saw the response from you. While I shouldn't have done that in the first place, I still feel terrible for what I've done. I should've thought about my words before I posted. Still, fuck you Connie.

Secondly, the OnlyFans incident. Ever since I found them on Instagram, I've adored Zenna Snowpaw (now known as Xyra Frostveil) since the fursuit was cool. When they announced they sold the fursuit to QuartzYeen around August 2024, I was a bit sad. Time passes, and I've followed QuartzYeen on Twitter/X when I noticed a new post about an OnlyFans video, with a preview video to be found on Bluesky. Since I had a Bluesky account, I checked it out, and I was bewildered. It was the Zenna fursuit I've known about for a long time being portrayed as a living fursuit who just decided to stuff someone inside herself. So being the freak I was, I really wanted to see the video in full. So what did I do? I tried to ILLEGALLY download it. It took tries and tries, and it didn't work out in the end. The fact that I wasted my precious time trying to do something that could lead me to jail is terrible. I was unaware of my actions at the time. The worst part? I found the video while I was at school during lunchtime. Nobody caught me but I should feel ashamed for what I've done. I was also checking Nitter (since I deactivated my Twitter account) to see the progress of Xyra's fursuit that was being made around that time, which makes me feel like a stalker.

Also, I've had a second account on Twitter where I lied about my age just so that I can see pictures of hot fursuits. Literally what the fuck was I doing.

I feel ashamed for the actions I've done in these past few months, but at least it taught me to set boundaries. I'm sorry for what I've done to myself, and it's the reason why I've mostly never felt so great in these past few months. These actions also reminded me of my traumatic past, and those thoughts kept coming back to me from time to time, which made me feel so much worse. At least I've changed in some way (and still changing) and I'm trying to forget what I've done.

Anyways, that's all. I just want this year to end, and I hope 2026 is better for me. Until then, this is JK signing off.
