4.03 Presentation Power

Complete Parts 1-5 of the **Presentation Power Worksheet**.

Part 1: Open Presentation Program

1. Log onto PowerPoint Online with your username and password. Or, open your own presentation program.
2. Select “New Blank Presentation” to open a new presentation.

Part 2: Choose a Debate Topic

1. Which is better: reading on a tablet or reading a paper book?
2. Which is better: Avengers or Justice League?
3. Which is better: summer vacation or winter vacation?
4. Should teenagers be required to have after-school jobs?
5. A debate topic of your choice

Part 3: Create Your PowerPoint Presentation

Create a three-slide PowerPoint presentation.

- Slide 1: Title Slide
    - Include the title of your presentation and your name.
- Slide 2: Content Slide (Title and content slide)
    - Introduce your topic and state your opinion (3-5 sentences).
- Slide 3: Content Slide (Comparison slide)
    - Debate your topic. Provide positive and negative aspects of your topic and explain your opinion.

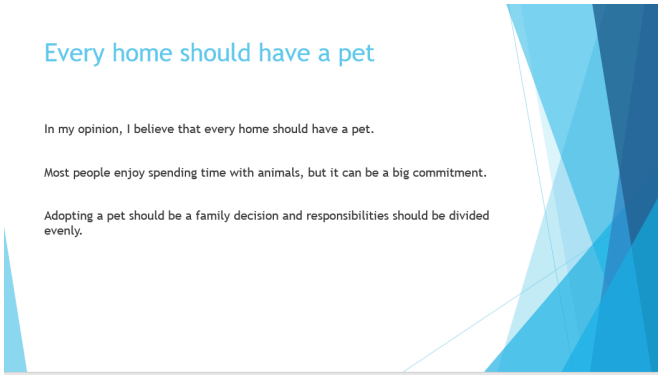

Part 4: Format Your Presentation

Change the design, theme, and background of your slides.

1. Select a theme for your presentation.
2. Change the colors within the theme.
3. Change the background of the title slide.
