

Programme Code	Programme	Programme Outcome (POs)	Programme Specific Outcomes (PSOs)
303	B.Sc. (MPCS) Mathematics, Physics, Computer Science	PO1: Knowledge Empowerment Empowered with Knowledge of basic concepts, principles, the scientific theories and their relevance in the day-to-day life . PO2: Skill Enhancement To emerge as skillful, critical and creative graduates through hands on experience in the laboratories. PO3: ValuesEnrichment To develop value based services through outreachactivities. PO4: Social Responsibility and Extension Transform them to become nurturers of Environment and Society.	Mathematics: Ability to apply the knowledge of mathematical concepts, methods and theorems for the derivation and analysis of basic concepts in other disciplines.
			Physics: Able to understand various physics based applications in daily life and get motivated to pursue higher studies, research and attempt competitive examinations leading to career opportunities in industries.
			Computer Science: Builds a strong technical base foundation in information Technology to face the challenges of the future. Upon completion of the course, students would be able to develop projects effectively and independently, and be able to provide simple software solutions to real life practical problems using related technologies.
