(158) Shane Vaughn Teaching: "A Millennium Mentality" Part 1 of 3 - YouTube
https://www.youtube.com/watch?v=btBBb9E2rIs

Transcript:
(00:06) um people in God's church have the wrong mentality many times and therefore it causes us to live for God have hazly it causes us to live for god without the right understanding now let me give you an example many people are living for God for two reasons number one to go to heaven number two not to go to hell that's the two reasons and if you're serving God that way what's going to happen is if something's not a heaven or hell issue you won't live by it you follow me how many times has anybody ever asked you well will that
(00:56) send me to hell that's the wrong question that should not be our question because hell is a byproduct of Disobedience whoever's disobedient is going there whoever's obedient isn't going there but even if it's not a hell issue or a heaven issue it should be a god issue all right we must get to the point where we change our thinking for example and I say it as plainly as I can the Sabbath people ask me all the time brother Von are you preaching that that people will go to hell if they don't keep the Sabbath I said no I'm encouraging people to keep
(01:36) the Sabbath that's what I'm preaching whoever God sends to hell is up to him whoever he does it is up to him but if I change my mentality I will change my actions and so today we must change our mentality pastor nson we must get out of heaven and hell now please don't leave here and tell nobody that I said there wasn't no hell or that foolishness I'm telling you get over it get past that and Paul said let's leave those Elementary principles and let's move on now to some deeper things some understanding somebody said brother Bon
(02:17) why don't you just preach Heaven and Hell salvation and just get people saved because I'm going to tell you why oh Lord I'm I'm I'm going tell you why because God ain't just trying to get people saved amen now did you hear it is God's goal let me ask you how many mothers in here we got a bunch of mas was it your goal just to pop out a baby or was it your goal to produce a productive citizen in this Society well God's goal is not just to pop out of baby good God come on God's goal is not just to get you saved get
(03:04) you baptized that's the beginning God's goal is to get you changed God's goal is to get you ready for something and that's where we are missing it in today's Christian church and I thank God for every Christian work I thank God for every preacher that's bringing people to the altar I tilt my hat and I shake your hand but when we get them to the altar now we must get them from Mount Calvary to Mount Zion amen and that Journey requires some work the purpose of this ministry is to get them we want to get them ready for the
(03:48) Millennium that's what I believe makes us somewhat different than other works because you will never hear anybody really talking maybe a few about about the Millennium and here's why that we don't understand the Millennium so therefore we don't preach on it but if you understood the Millennium you would completely change your life today today I'm going to help you understand the Millen I'm going to help you understand why you need to be more than saved you need to quit bragging about when you got saved and you need to start bragging about how
(04:34) you're being changed day by day God is creating a new creation out of you and so today if you will change your thinking I promise you I will help you change your life because the Millennium now here we are what is this age called that we're living in right now it's the what

church the church age now over here is eternity all right now most Ministries and thank God for all of them but most Ministries preach Church age and Eternity but between the church age and between eternity there's another age coming and it's the kingdom
(05:38) age now question ladies and gentlemen can you tell me how many sermons you here preached on this age and yet yet this is what's next do you understand that's what's next yes what's God bless you brother Patrick good to see you today The Eternity is not next eternity comes after the next age you remember talk Paul talks about in his writing in the age to come this is the age Yet to Come are you preparing for the next age well brother V I'm preparing for eternity wrong answer because eternity is the Eighth Day not the seventh
(06:38) day we're living right now Jesus came on what day the fourth day the early church existed in the fifth day the modern church has existed in the sixth day what day is next s day that's next what comes after the seventh day the Eternal number eight eight is the number of new beginnings everything's going to start over brand new but but here's the problem most church people you talk to they talking about how they're getting ready to go into eternity and they have no mentality of the Kingdom that's coming amen today I want to help you change
(07:33) your understanding I don't I don't want to take Heaven away from you thank God I don't want to do that but if I can teach you if I can open your understanding then maybe your life will change maybe the way you're doing things will change if you truly understand the next age so I'm going to go around the road those that have not been part of this Bible College and and and who who can tell me what the next age is going to be like go ahead I know you know brother the GRE say something Millennium R the Millennium why do we call it the
(08:11) millennial Reign because Millennial is a word for a thousand we know that yes sir say it you have the answer well yes sir yes sir now okay so I I'm making this video today because I want to make it clear around the world people wonder they ask us mother V why does it even matter why bother with all these things that you're teaching for example and I don't want to offend nobody I I really don't like to offend people I don't but I I I I I sometimes I have to make people mad to get them glad I I I'm I will ask you this when we
(09:02) keep the Sabbath brother V why are y'all doing that that's crazy that's ludicrous but yet I can show you in the Bible where in the next age on everyone I said everyone yeah will be keep in the Sabbath yeah I'll show you that scripture later on in the lesson now another thing I can show you in the next age do y'all understand that y that Jesus is going to be ruling from Hebrew territory come on come on do you understand his government's going to be set up in a physical place called Israel he's setting up his headquarters there
(09:53) now I can show you in Zechariah where at that time he's going to set up a one World Language I'll show you that later when we get to the lesson whenever a government takes over a country the first thing they Implement whenever Rome took over a country the first thing they implemented was the Greek language why because to have peace everybody's got to be understanding each other when Jesus comes in this age he's going to set up one language now please I beg you to hear me today anybody want to take a guess at what that language is going to
(10:38) be Hebrew Hebrew why I'll show you in Zachariah when we get there so for those that would not understand why we use some Hebrew words we just practicing we just practicing for the next day because when he comes he's setting up a government in Jerusalem he's he come from Hebrew he his name was Hebrew the Bible was Hebrew everything was Hebrew so I just

teach that today I'm losing my voice for some reason but I teach that today because I want you to understand why we're stressing these Hebrew things we're not trying to change
(11:27) nobody you don't want to speak Hebrew you don't want to say yesu you don't want to say Yahweh you don't want to say you don't have to do what you want to do but do not miss understand us for doing it that's all we say Amen uh it it'd be like if my wife if my name was Bob and my my name was Shane and my wife kept calling me Bob and I said baby I would really like for you you know when you're kissing me not call me Bob it's not working real well amen amen now if she don't know that's my name I can't expect that of her now
(12:06) let me say this to everyone in this building and I'm going to make it plain and on the record and I want you to hear me around the world everybody listen there's nothing wrong at all with saying the English name Jesus nothing wrong at all amen you will not go to it's not it's it's it's what the people know but we also used to think the Earth was square but we found out it was round when you find out more knowledge it's not to discredit old knowledge it's to advance into greater understanding so I'm saying all that to
(12:50) say this the reason people don't understand why we're waving these for example why do we do this crazy stuff why do we take these colors and wave them all over the place like a bunch of fruit takes out the woods why do we do it why do we do this because we're not concerned about heaven and hell we're concerned about his favorite colors it's a relationship he tells us in his words his favorite colors and he said to wave the banners before me that's what we're doing but yet we're strange for it maybe you're strange for thinking we're
(13:34) strange or maybe we just all strange maybe everybody Str so we've got to move past judging one another when you hear somebody say the name Jesus don't freak out when you hear somebody say the name Yeshua don't freak out everybody move into an understanding of each other amen some of us are moving in another Direction but the name yua is the name Jesus it it that it it it's the original so I want to encourage everyone in today don't get dogmatic about this stuff don't get a religious spirit on you to where you
(14:10) judge somebody for not understanding maybe what you understand don't judge those that don't understand the seventh day Sabbath you keep it and you do what you feel God has revealed to you and leave everybody else alone amen amen amen so so with that said if we understand the Sabbath we are practicing for the Sabbath day amen how many knows the next age is not only the Millennium Reign it's also the say it the next age is the Sabbath day huh what oh no sugar my Lord you know better than that son my Lord I've done so good don't get me started
(15:01) I'm going to get mad about that stuff I have not got off my diet one time in two whole days glory to Goden praise the Lord I'm going to get this off you can believe that my wife's going to have a honk of a husband when this is over glory to God really no y'all I'm talking about I'm talking about a diet from Hades actually not it's horrible no you know about lunch was yesterday collard greens with boiled eggs in them cuz that's all I could have for life right amen no truth a diet it is I'm just playing it's a great diet Karen I'm G
(15:42) let her do it great it is it's a great diet matter of fact it's called Whole 30 Google it it's a great diet if I'm still here in 30 days we'll tell you how it went me and car about to kill each other cuz every time I pass a donut stand Hallelujah okay let's get to the lesson up on the screen let's roll praise him he's so good all right there are six days alot to Satan and man to rule and there's

one day allotted to Christ the King now brother V why does Satan get six days and why does Jesus only get one day it's very simple
(16:27) because it took six days or 6,000 years of Satan's rule for men to finally get so fed up with their AIDS and their Wars and their nuclear weapons and all their destruction it took that long for them to finally bow down and admit we need help and in one day he's going to fix everything we messed up in six days so it's just like that so one day belongs to Christ now when you read Hebrews 3 and 4 it tells about a coming rest for the whole world now that rest is going to be the next day the seventh day now guys stay with me and I believe we're
(17:09) going to understand some things today so this is the Sabbath day that's coming every Saturday we get together and celebrate this coming Kingdom we celebrate a better day when you come here it should be a day of Hope for you brother n and it should be a time to celebrate a better day that's just ahead for the people of God we have suffered six days we have suffered at the hands of the enemy everyone but there's a better day coming and we celebrate that every Sabbath day now any time you see the word day of the Lord it is one day
(17:49) allotted to Christ During the period of time now folks here's eternity eternity never ends it's a circle this is eternity that's why Rings sometimes would represent that that is eternal but God created something in the middle of this ring and it's a straight line it's called time this straight line is divided 1 2 3 4 5 6 7 into seven days now these six right here they there is someone that rules in these six days and it's hashan Lucifer Satan he's ruling here but there is a day appointed for for Jes Yeshua Jesus
(18:42) Christ in this day the seventh day now when you begin to understand these days and I'll help you out day one was from Adam to Abraham day two was from Ab Abraham to Moses day three was from Moses to Christ so therefore Christ came on the fourth day so he came here you and I are living right here but when yesu when Jesus came the first time he came for a different purpose than he's coming the next time the first time he came is the G to establish his church the next time he's coming to establish his kingdom I want you to
(19:37) learn the difference in the word church and the word Kingdom because people are mistaking those two quite heavily the church I I almost the CH uh the church is not the kingdom amen the church is the Prototype of the Kingdom the church is the trial experiment of the Kingdom you want to know what the kingdom is going to be like do you know how it feels when you come to a holy convocation and you feel so good you feel so joyous you can go down there and slay dragons you got so much you're just happy yeah do that's a
(20:20) precursor a pretext to what the Kingdom's going to be like that same euphoria that same constant joy that constant peace that that happiness that you don't get on Monday Tuesday Wednesday Thursday Friday you only get it on the Lord's Sabbath so we as a people must understand what we are celebrating when we leave our homes on this Saturday to celebrate we are celebrating that coming day of the Lord now Christ was born to be a king over the whole earth not just the church right now Christ is King of the what the
(21:05) church no he's not King of the earth no sir no sir he's King of the church he's the head of the body and the whole world is not the body so right now he's the head of the church but he's preparing the church so that the church during the next day has been trained to the world Amen that's why in your evangelism efforts now you'll only get a few because he's only calling a you Amen in this day because he's calling together a class of teachers I want you to understand this right now every one of you are in college but not just this

(21:49) Bible College you are in Teachers College you are being trained in the church for your ministry in this day amen and the Bible's going to prove that to you in just a moment let's go read 1 Corinthians 4 and4 thank you for your word Father for I Know Nothing by myself yet am I not hereby Justified but he that judge judgeth me is the Lord okay is that 1 Corinthians 4:4 yes all right go back I'm so sorry that that's the wrong verse it was a scripture where Paul acknowledges that Satan is God of this world now I want to teach you one other
(22:36) thing when you see the word when you see the word world and if y'all wonder what's wrong with me today I'm trying to calm my preaching down okay I'm just trying to talk like Joel oin does now put y'all to sleep look this uh and I love Joel no problem listen this is what we got to understand the the word world w r l d does not mean what you think it means it's the Greek word Aon AE o n and it does not mean the world it means the age AG g e so there whenever the Bible talks about the end of the world there will never
(23:18) be an end of the world so you can take that out of your thing there's never going to be an end of the world never the Bible said the Earth endureth forever there's never going to be an end to planet Earth that's why I never get scared when I hear of an asteroid coming I could care less I know there's never going to be an end to this earth now brother Von the Bible say there's going to be a new Heaven and a new Earth learn to read your Bible the word new there it's so important I know people get frustrated will Bond's always in the Greek and the
(23:55) Hebrew if you don't understand Greek and Hebrew it's like trying to read it's like a trucker trying to read a romance novel it's like an old rough trucker trying to read a romance novel they don't connect why he reads westerns your mind must get out of trying to read the Bible with an English mind for example the end of the world not the word there it's the age the End of the Age so think about it the Bible said there'll be a new Heaven and a new Earth that word new whenever you take it back to the original does not mean a new
(24:40) creation it is a renewed heaven and A Renewed Earth for example when you go into a house that's been remodeled from top to bottom you say man this is a new house no it's not but it is so don't ever think there's going to be a new Heaven or a new Earth there's going to be a clean heaven and a clean Earth amen so let us understand there's never going to be an end of the world only an end of this age all right Daniel knew that this coming day would be now now now let me stop a minute yes ma'am did you find it read it for
(25:21) me and whom the God of this world ha blinded the minds of them which believe not least the light of the Glorious gospel of Christ who is the image of God should shine unto them brother V God owns the whole world of course he does and brother Kendrick and sister Kendrick own this building but they let us use it don't they well they don't own it the church owns it but they let us use it don't they they don't interfere with what we're doing here landlords maybe they may own your house but do you know a landlord can't just walk in your house
(26:03) amen talk to me a landlord can't just come in your house at 3: in the morning he has a law and a contract with you that gives you full rights to that property now Lucifer was given full rights to this property but there's going to come a day when he's going to lose those rights yes ma'am what was that SC now when we talk about the kingdom of God and folks my voice is leaving so fast I'm going to have to just talk I suppose low when we talk about the kingdom of God most people have no idea what that means let's talk about it uh
(26:46) let me just ask some people that's not heard me teach this lesson uh I which is most of you some never mind what do you think of the kingdom of God we hear that phrase all the time

but do we understand what it's going to be amen amen now before these classes we thought the kingdom of God was going to be a place where we pretty much just floated around and just you know and and no but you see whenever you begin to get an understanding of the Kingdom your whole knowledge your whole way of thinking will change today I want
(27:26) to help you change your thinking so what is the kingdom of God going to be don't take my word for it let's go read what one of the prophets had to say uh can you see those verses well never mind just go to the next next screen s thank you Father let's go to Daniel not read all the verses go to Daniel chapter 2 verse 28 do I have my red Bible here all right somebody bring me a Bible here's one right here I got one Daniel chapter 2 and there's a checkbook too somebody Daniel chapter 2 verse 28 but there is uh sis I'm going to help you
(28:09) navigate through this one so we don't have to read every one of them but there is a God in heaven that revealeth secrets and maketh known to the King Nebuchadnezzar what shall be in the latter days okay now in this dream that Nebuchadnezzar had in this dream and folks folks I I know it's warm in here I apologize but in this dream he had a dream about world governments he had a dream about Empires and World governments and I want to encourage you when you go home today to read all of those verses 28 through 44
(28:48) he had a dream about world Empires and he saw every Empire that was coming up on the earth and then he saw a strange scene in there and let's go down now to verse um two and let's go towards the end of that Vision let's go to about there we go let's set uh verse number 44 and in the days of these Kings shall the god of Heaven set up a kingdom which shall never be destroyed and the kingdom shall not be left to other people but it shall break into pieces and consume all these kingdoms and it shall stand forever amen so and all of these Earthly
(29:37) kingdoms we have the the Persians the empires thank you baby that's what I got to have the Persians the empires we have all these kingdoms and uh Daniel says during the time of these governments when you see the word Kings it's the word for government during the time of these governments God here
