Call Script

"Hi, my name is ____ and I'm an organizer with Move to Amend, is ____ available please?

Hi ____ I'm calling to ask if you'd be willing to join me in a meeting with Representative ____ 's office to ask them to co-sponsor the We the People Amendment to abolish corporate personhood and money as free speech. It'll be a virtual meeting, and we have a real chance of getting them to co-sponsor. Is that something you'd consider?

If yes

"Great!, thank you so much! There will be a small group of us doing this meeting, and you won't need to be responsible for the logistics or details about the amendment, but if you'd like to share why you think it's important to pass the We the People Amendment and fight corporate power, you're welcome to share that in the meeting too. I'll follow up with you shortly to loop you in! We'll have a get together before the lobby meeting so you know what to expect and what your role is.

If unsure

"It really helps to have a few constituents in these meetings, and it goes a long way towards getting them to agree to co-sponsor. If you're willing to join, you won't be responsible for the logistics or details about the amendment, but it would really help to have you present, and if you want, to share why you care about confronting corporate power and passing the We The People Amendment. But if you prefer not to speak, even just your presence is helpful. Are there other questions we could answer that would make you feel more comfortable joining?"

If no

“Ok, thank you for considering! There are a few other ways you could support the effort to get Representative ____ to co-sponsor the amendment. We’re asking everyone to make a phone call and send an email to Representative ____ each week to pressure them to co-sponsor the amendment. Will you make some calls and send some emails to help us make this happen? We’ll be sending emails and texts to remind you. Thanks for your support!”

Tip

For faster texting copy this text and get it to your phone. You could do this by copying the text below and sending it as an email you can receive on your phone which you can paste into your text messages. Copy and paste the language into each text message for quicker sending - just don’t forget to change the Representative and the recipient’s name!

“Hi _____, I need a few constituents of Representative ____ to join me for a virtual meeting to ask them to co-sponsor the We The People Amendment to abolish corporate personhood and money as free speech! Will you consider joining me? “

If you receive a positive response

Text them back and tell them you’ll follow up with a phone call to talk more about it.
