

Grade 6 Camp – The Summit

Dear Parents,

Please find a list of the items your child will require for their time away at The Summit. We encourage the children to pack their bag themselves (overseen by an adult) as it is important they know what is in their bag and they are able to pack it independently on the day of our return.

It is essential that all belongings are clearly labelled. New clothes are not recommended, as it is possible they will get wet and dirty.

All items must fit into ONE small, soft case/ bag. The bus company does not allow for hard suitcases. Sleeping bags can be separate but must be clearly labelled. Ensure you bring a pillow! These are not provided!

The children will need to bring their snack and lunch for the first day in a small backpack. This will accompany them on the bus so they may also bring a novel for the bus trip if they like.

*** Children must not bring:**

- Food of any kind (other than snack & lunch for the first day)
- money
- aerosol cans
- electronics (eg. iPods, phones, games)
- chewing gum

Please talk to your child's teacher if you have any questions. The children **are guaranteed** to get wet and muddy with some activities so it is important that one set of clothes is old. One pair of runners **IS NOT ENOUGH. Please ensure they have a second pair or your child's feet will be very wet and cold their entire stay**

Thank you
