GUIDING PRINCIPLES

A school is a place that promotes responsibility, respect, civility, and academic excellence in a safe learning and teaching environment. All students, parents, teachers, staff and patrons have the right to be safe and feel safe, in the Cheylin School Community. With this right comes the responsibility to be law-abiding citizens and to be accountable for actions that put at risk the safety of others or oneself.

All participants involved in the Cheylin Schools Community – students, parents or guardians, teachers, staff, and patrons are included as part of this policy whether they are on school property, on school buses or at school authorized events or activities.

All members of the school community are to be treated with respect and dignity. Insults, disrespect, abusive language, and other hurtful acts disrupt learning and teaching. Members of the school community have a responsibility to maintain an environment where conflict and differences can be addressed in a manner that is characterized by the common courtesy principles of respect and dignity.

ROLES AND RESPONSIBILITY

School Board provides direction to the school and ensures opportunity, excellence, and accountability in the education system by:

- developing policies that set out how the school will implement and enforce rules that relate to the standards for respect, civility, responsible citizenship and physical safety;
- seek input from school site council and review these policies regularly;
- provide opportunities for all staff to acquire the knowledge, skills and attitudes necessary to develop and maintain academic excellence and safe learning and teaching environment.

Administration, under the direction of the school board, takes a leadership role in the daily operation of the school. Leadership is provided by:

- demonstrating care and commitment to academic excellence and a safe teaching and learning environment;
- holding everyone, under their authority, accountable for their behavior and actions;
- communicating regularly and meaningfully with all members of the school community.

Teachers and School Staff, under the leadership of the administration, maintain order in the school and are expected to hold everyone to the highest standard of respectful and responsible behavior. As role models, staff uphold these high standards when they:

- help students work to their full potential and develop their self-worth;
- communicate regularly and meaningfully with parents;
- maintain consistent standards of behavior for all students;
- prepare students for the full responsibilities of citizenship.

Parents play an important role in the education of their children and have a responsibility to support the efforts of the school staff in maintaining a safe and respectful learning environment for all students. Parents fulfill this responsibility when they:

- show an active interest in their child's school work and progress;
- communicate regularly with the school;
- help their child be neat, appropriately dressed and prepared for school;
- ensure that their child attends school regularly and on time;
- become familiar with Cheylin Guiding Principles and school rules
- show common courtesy and respect to all: abusive language and aggressive behavior are unacceptable;
- encourage and assist their child in following the rules of behavior
- assist school staff in dealing with disciplinary issues.

Consequences for inappropriate behavior will be based on individual needs, the degree of the problem, and the ability of the person to understand and handle the consequences.

- Student consequences are outlined in the behavior code discipline action.

Two years of one language. Latin and Sign Language are accepted.

GRADUATION WITH HONORS

Students with a cumulative grade point average:

Highest Honors- GPA of 3.92 or higher

High Honors- GPA of 3.75-3.91

Honors- GPA of 3.5-3.74

You must complete graduation requirements to participate in graduation exercises.

VALEDICTORIAN/SALUTATORIAN

A minimum of two graduating seniors will be selected each year as the Valedictorian and Salutatorian. The valedictorian will be the senior with the highest cumulative grade point average. The Salutatorian will be the senior with the second highest cumulative grade point average. In the event of a tie for either Valedictorian or Salutatorian on grade point average, the tie will be broken by the number and grade of upper level classes. Upper level classes include any college level classes taken for dual credit, Chemistry, Physics, Anatomy & Physiology, Trig/PreCalc and Calculus. (It is possible to have a co-Valedictorians and no Salutatorian, or a Valedictorian and co-Salutatorians. It is also possible to have more than two students tie for an award.)

CLASS DESIGNATION

A student's class, i.e., Freshman, Sophomore, Junior, or Senior is determined by counting the number of credits that the student has on permanent record at the beginning of each year. Class rank is determined as follows, starting with the Class of 2011:

Freshman = Less than 6 credits

Sophomore = 6 credits but less than 12 credits

Junior = 12 credits but less than 18 credits

Senior = 18 or more credits

Students wishing to opt out of class activities (e.g.) Class fundraising, must have parent and student's signature on the form stating intention. Students "opting out" will be denied attendance and participation at any class sponsored activity such as prom and senior trip.

A placement test will be given for any non-accredited student wanting to attend Cheylin.

PROMOTION AND RETENTION

The policy of Cheylin U.S.D. 103 is to encourage and assist each student to progress in a continuous growth pattern of academic achievement in harmony with normal intellectual, social and emotional development. The best interest of the student will be the guiding philosophy for determining acceleration, promotion, or retention.

In order to be promoted, JH students are expected to have passing grades in their Core Curriculum subjects (Math, English, Social Studies, Science). Any JH student who fails two (2) or more Core Curriculum subjects will be retained in their current grade level. The year grade (which is determined by averaging the 2 semester percentage grades together) will be used in determining whether a student is promoted or retained. If a student wishes to continue and has not passed the subjects, it will be at the student's expense to take an on-line Summer class for the number of core classes not passed that is approved by the principal and teacher.

In each case involving either the promotion or retention of a student, the principal will consider the viewpoints of special service personnel, parents, and if applicable medical or other mental health professionals. The final decision in any case pertaining to promotion or retention shall rest with the principal.

High school students must pass both semesters in order to receive full credit for the class. If a student fails both semesters, the class must be retaken at Cheylin or the student can take an on-line Summer Class at the students expense. If a student fails one semester, the student can retake the Semester class at Cheylin or take an on-line Summer Class for the failed semester **at the students expense**.

STUDENT PROGRESS AND REPORT CARDS

The elementary school year is divided into four nine-week grading terms. The high school and junior high schedule will contain traditional periods with semester grades. Grade cards will be either given to the student or mailed home. The elementary students will receive nine-week grades.

HONOR ROLL

At the end of each nine-week grading term, the office will determine a junior/senior high honor roll. The following 4-point scale is used to determine honor roll members:

- Grade of A = 4 points
- Grade of B = 3 points
- Grade of C = 2 points
- Grade of D = 1 point
- Grade of F = 0 points

A student must be enrolled in 20-quarter credits or 5 subjects for the year to be eligible for the honor roll, **and may not have any grade lower than a C-.** To be named to the Cheylin Honor Roll a student must have a GPA between 3.7 and 4.0. To be named to the honorable mention roll requires a GPA between 3.00 and 3.69.

CHEYLIN USD 103 GRADING SCALE

<u>Grade</u>	<u>Percentage</u>	<u>GPA</u>
A+	99-100	
A	95-98	4

Grades will be rounded up from .5 and rounded down from .4.

AWARDING CREDIT FROM NON-STATE ACCREDITED SCHOOLS

Credit will be awarded for a student transferring from non-state accredited schools based on the student's documented past educational experience and/or performance on tests administered to determine grade level placement. Minimum acceptable tests to be considered: (1) a national normal standardized test taken within (6) six months prior to enrollment. The student must score at a minimum 40th percentile level on standardized tests in subject area(s) for which credit is sought, or (2) score at 60% accuracy on test(s) prepared by Cheylin USD 103 staff in subject(s) where credit is sought. Tests using higher standards than those listed will be considered.

SEXUAL HARASSMENT

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certified and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for an employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual's education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating hostile or offensive academic environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure to sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extracurricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of sexual harassment and take prompt corrective action to end the harassment. Any student who believes that he or she has been subjected to sexual harassment should discuss the alleged harassment with the building principal, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district's attorney. The district's attorney shall discuss the complaint with the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in this meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure. (See KN)

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable, but do not constitute harassment may provide grounds for discipline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the building coordinator or district coordinator shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD)

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment shall not reflect upon the individual's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant. A summary of this policy and related materials shall be posted in each district facility. The policy shall also be published in student, parent and employee handbooks as directed by the principal. Notification of the policy shall be included in the school handbook or published in the local newspaper annually.

ELIGIBILITY

Students must be in attendance the **ENTIRE DAY and in “Good Standing”** to be eligible to **PLAY** in that day's extra-curricular activities.

There will be four (4) exceptions to this rule:

1. Attendance at a funeral
(Will require a note from parents verifying attendance at a funeral)
2. Medical appointments and donating blood at Bird City
(Will require verification from the medical office of an appointment and Prior Approval by Administration/AD)
3. Students participating in Cheylin High School Card Incentive Program Activities
*** Special situations will be handled by the administration.***
4. College visits and special testing situations may be allowed; only if approved in advance by administration.
*** Special situations will be handled by the administration.***

Weekly Eligibility (Grades 6-12)

All students must meet certain academic standards to be eligible for athletic and/or extra curricular activities.

-For 6th graders, there will be a 1 week grace period from eligibility at the start of each 9 week quarter. Weekly eligibility requirements will commence at the beginning of the second full week of each quarter period.

-7th-12th graders will have a 1 week grace period at the start of each semester.

-Any new student that enrolls during the school year will be given a 3 week grace period for eligibility from the date they start attending classes.

The high school secretary will run the eligibility report every Thursday by 9:00 a.m. Grades are due in the Electronic Grade System by 8:30 a.m. on every Thursday.

-Teachers will be required to update grades weekly.

Eligibility will go into effect on the following Monday and will run from Monday to Sunday. An eligibility list will be distributed to the principal, athletic directors, coaches, and classroom teachers.

-It is the responsibility of the coaches and sponsors to regularly check eligibility, particularly before scheduled activities.

-The teacher will confidentially and personally inform students who are ineligible in their classes.

-The principal or counselor will meet with students who are ineligible.

-Parents will receive an email or phone call from their child informing them of their son/daughter's academic probation or ineligible status.

-Students will remain ineligible for the entire next week until the minimum standard grade of a D- (60%) is met before the next Thursday when eligibility is taken again.

Example: If a student has an F in one or more classes, after the probationary period, (No matter if it is the first time they have had an F in that particular class) they are ineligible for sports and extracurricular activities for the following week. Even if the student hands in work that gets the F up on Friday, the student is still ineligible for the following week. If a student has multiple F's **ALL** grades must reach a D- (60%) before the student is eligible. If a student is eligible for the current week, but on Thursday's deadline they have a F in one or more classes, they are still eligible for the current week, just not the following week.

-Classroom teachers will work with students to help them get their grades up.

-Students must give teachers adequate time to grade missing work before the Thursday deadline.

-A teacher/coach may require a student to report to after school study hall.

KSHSAA eligibility rules are still in force at all times. The superintendent/principal may grant an exemption for crisis situations.

KSHSAA RULES

Rule 13, Art. 3: A student in grades 6-12 shall meet the following requirements for eligibility in inter school activities:

- a. Scholarship - The student shall have passed at least five (5) new subjects (those not previously passed) of unit weight, or its equivalency, the previous semester or the last semester of attendance.
- b. Enrollment - The student shall be enrolled in and attending a minimum of five (5) new subjects (those not previously passed), of unit weight, or its equivalency, during the present semester.

A student shall not be permitted to make-up work after the close of the semester for the purpose of becoming eligible.

A "condition" or an "incomplete" shall count as a failure in determining KSHSAA eligibility.

With respect to KSHSAA Scholarship Requirements Rule 13 and Enrollment Rule 15, students may count virtual courses for the purpose of establishing eligibility for all KSHSAA sponsored activities, provided local USD policy permits dual enrollment agreements with virtual schools.

Students that are homeschooled, may participate in KSHSAA sanctioned activities as long as they have met KSHSAA requirements and USD 103 Cheylin weekly eligibility requirements.

EXTRA-CURRICULAR ACTIVITIES (Dances)

Extra-curricular activities will be defined as all school-sponsored activities, which do not give units of credit toward graduation, including such activities as prom, school sponsored dances, club meetings, class activities, academic contests, music contests, athletic competitions, cheerleading, dance, etc. Doors will be locked 30 minutes after scheduled time for dance to start. There will be no admittance to dance after doors are locked unless prior exception has been made on an individual basis with the dance sponsor. All non USD 103 Cheylin dates must be registered in the high school office prior to the dance. Non USD 103 Cheylin dates must be no older than 1 year out of high school to attend high school dances.

ACCESS TO DISTRICT/SCHOOL REPORT CARDS

Parents may access district/school report cards at www.ksde.gov and go to the report card page. This information is updated annually and will also have a link from our school website at www.cheylin.com.

PART-TIME STUDENTS

NOTIFYING SCHOOL TO VERIFY ABSENCE

The day a student is absent the parent/guardian will call the school before 8:30 am. If no contact has been made by 8:30 am, school personnel will call the parent/guardian to ensure the safety of the student. A doctor's note shall be required for an excused absence upon returning to school from an appointment that includes the date of the absence, the reason for the absence and any restrictions the student may have.

*If the school is not contacted with-in 24 hours of the absence, the absence will be counted as Unexcused.

ABSENCES

The Cheylin Board of Education recognizes regular attendance as necessary to achieve consistent educational progress. Classroom learning experiences are a meaningful and essential part of the educational system. Time lost from class is irretrievable, particularly a student's opportunity for interaction and exchange of ideas with teachers and other students. Kansas State Law provides local school boards with authority to establish standards for attendance. USD 103 therefore considers encouragement of consistent and timely attendance a major responsibility.

Students are expected to be in the classes in which they are assigned every school day. It is the responsibility of the school administration to monitor student attendance and to communicate with students and their parents when attendance patterns do not meet district standards. It is the parent's responsibility to ensure that their children are in school and to notify the school when their child will be absent.

ATTENDANCE AND EARNING CREDIT

One of the most important parts of a student's permanent record is attendance. Regular and punctual attendance by all students is necessary for the proper functioning of the entire school. One of the major causes of failure in secondary school is absenteeism. Kansas law requires compulsory -attendance at school; Statute 72-1111 states that "every parent or person acting as a parent in the state of Kansas, who has control over or charge of any child who has reached the age of 7 and under the age of 18 and has not attained a high school diploma or GED credential, shall require such child to be regularly enrolled in and attend continuously each school year." Kansas Statute 72-1113 discusses enforcement of compulsory school attendance, and requires school boards to establish policy identifying excused and unexcused absences.

College/Military Visits: Seniors will be allowed 2 days of college/military visits and Juniors will be given 1 day (will not count as an absence, will be recorded as a school activity) during the school year. All documentation and procedures for the visits must be completed within 1 week prior to the visit and approved by the Administration. All additional college or military visits will count as an excused absence as long as proper documentation is presented.

Our board has established the following for excused and unexcused absences:

Excused:

1. Parent excused absences with a maximum of five (5) per class Per Quarter. Examples may include family trips, outside organizations, personal business (such as senior pictures). After these five (5) absences, all absences with the exception of school absences and those with a doctor's note will be considered Unexcused.
2. Illness, with a doctor's or county health's note. This includes dental appointments and chiropractor appointments, hospitalizations, long-term illnesses, and chronic medical conditions under the care of a doctor.
3. School activities.
4. Prearranged absences such as funerals and legal appointments (or other absences) with administration approval. Please call a minimum of 24 hours in advance to receive administrative approval for a prearranged absence when you know your child will be missing school. We have to have communication to avoid the truancy issues defined above.
5. Severe weather that makes it dangerous, impossible or impractical to attend school.

Unexcused:

1. Skipping school.
2. An absence not pre arranged as defined in #4 above.
3. Leaving school without permission in advance.

4. Have an excused absence from a regularly assigned class more than five (5) times per quarter (with exceptions listed under Excused Absences above).

5. Out-of-School Suspensions are unexcused absences.

All absences from class in which the excuse is unsatisfactory or unexcused and/or without knowledge, consent or approval of the parent/guardian and school administration are unexcused.

*Consequence for Unexcused Absence

-Detention/ISS

-Parent called

-Student NOT in "Good Standing"

Please understand that a parent phone call to excuse a student for personal reasons is not necessarily considered an excused absence. Only administration can excuse an absence under compulsory attendance laws. Students are to be at school unless they have an excused absence as stated above. District truancy officers are bound by state law to enforce attendance and truancy laws.

TRUANCY – Kansas Statute 72-1113

A student who has three (3) consecutive unexcused absences, or five (5) unexcused absences in a semester, or seven (7) unexcused absences in a school year will be considered truant. When a student reaches five (5) unexcused absences, a formal notification will be sent home detailing the amount of absences and consequences of continued absenteeism. Failure of that student to attend school without a valid excuse shall result in the student being reported as not attending school as required by state statute. The procedures of K.S.A. 72-1113 will be followed in reporting a truant student.

TARDIES

A junior or senior high student arriving at school after 8:00 a.m., or after the commencement of the student's first class, whichever comes first, will be considered tardy. Also, when he/she is not IN the classroom when the buzzer sounds. Any student who is tardy due to being detained by another teacher must obtain a pass from the teacher who detained them. In such cases, the tardy will not be marked by the second teacher. When a student is tardy, the teacher will record the tardy.

*If a student is Tardy 1st period, they must come to the office for an admit slip.

*A student is considered tardy up to 20 minutes.

*After 20 minutes the student is marked unexcused absence for the class.

*Students tardy to any class at any time will have a 15 minute detention at the discretion of the classroom teacher. (Each individual teacher will take care of keeping track of tardies for their class).

If tardiness becomes an issue, parents will be contacted.

COURSE CHANGES

Changes in a junior or senior high school student class schedule will be limited to the first three days of the first semester. Changes may be made ONLY with the consent of the principal, parent, and teachers. Any course that is dropped after two weeks will be recorded on your transcript as "withdrawn passing" or "withdrawn failing," whichever is appropriate.

High school students are discouraged from dropping a subject after the first week of school. A student may drop a subject then only by mutual agreement of the student, parent, counselor, and principal.

LEAVING SCHOOL

Students may not leave the school buildings or grounds during the school day unless a permission note or verbal contact from parent/guardian is on file or made with the school office. A definite reason for leaving school must be cited before permission is obtained from the office. Students will not be permitted to leave school until contact has been made with a parent/guardian. Once the student leaves the building with or without permission, the school assumes no responsibility or liability for the welfare of the student. Students leaving without first checking out through the office will be recorded as unexcused absences. Students are allowed to ride off campus with a parent, legal age sibling, or legal guardian.

LUNCH BREAK

Students in grades K through 8th must eat lunch in the school cafeteria unless they are picked up by their parent/guardian. All 9th through 11th grade students wishing to go downtown must walk or use non-motorized modes of transportation. Students experiencing problems getting back to class on time (Lunch Tardy), students who reportedly act inappropriately on the way down and back, or who reportedly act inappropriately while downtown;

The student lounge will be open for the second half of the lunch period under supervision of the lunch duty teacher.

DRIVING/CARS

All motor vehicles driven to school by students are to remain parked during the school day, unless permission to drive is granted through specific written request by parent or guardian for a definite reason. Students may not leave the school during the school day without first checking out through the office. Students are not to be in their car without permission from the office during the school day. Failure to observe the above regulations governing student use of motorized vehicles will result in disciplinary action. Students are to obey all local and state regulations when driving to and from school.

Driving during lunch break will be a privilege allowed for senior students only. Driving parameters during the lunch break are limited to the town of Bird City and south of US 36; Country roads are off limits.

*Seniors may ride together, but no other students will be allowed to do so.

Before a senior will be allowed to drive during lunch break, ride with another senior student, or have senior passengers, a parent/guardian signed release form must be turned into the office. The release form will be applicable for the entire school year.

Any damage to the locker beyond normal wear and tear will be charged directly to the student.

APPEARANCE AND DRESS CODE GUIDELINES

If a student agrees to enter and complete a drug education or rehabilitation program, the cost of such a program will be borne by the student and his or her parents.

An informal hearing must also be held no later than 72 hours after the student is suspended.

Procedures for long-term suspensions or expulsion include:

1. giving the student notice of the reasons for the proposed suspension or expulsion and of his/her opportunity for hearing.
2. giving the parents/guardians of the student the same notice given to the student.
3. affording the student a formal hearing before a hearing officer or committee which must make
a written report of its findings and conclusions.
4. allowing the student to appeal the decision to the board.

SB 129 requires the school's chief administrative officer to notify law enforcement of suspension/expulsion within ten days for students committing a school safety violation. The following are identified school safety violations: drugs, firearms, fighting.

PUBLIC DISPLAY OF AFFECTION

Displays of affection are not acceptable behavior in the school setting. Students are expected to conduct themselves with good taste and respect for themselves and others in these relationships. 1. Keep adequate records for the teacher's protection and the protection of the student of all conference and administrative actions that might be used in later administrative appeals.
2. When the teacher first detects a behavioral problem in a student, the teacher must arrange for a private conference with the individual pupil.
3. In the event that the teacher feels that the discipline problem has persisted or cannot be handled by the individual teacher, the school counselor and principal should be notified of the problem.
4. The counselor and/or principal shall try to schedule a private conference with the individual student, and such conference may include the pupil, the teacher, the counselor and/or principal, and if the counselor and/or principal feel that it is necessary that the parents of the student be present, the parents should be notified immediately. The presence of the parents, however, is not necessary and rests in the sound discretion of the counselor and/or principal and the teacher.
5. From time to time it may be beneficial to the student to have his class schedule changed in order to aid in his behavioral problem. When the principal takes action of this sort the parents shall be notified.
6. Prior to the time a student is removed from class with loss of credit the parents shall be notified.

GRIEVING PROCEDURES

The School District establishes the following protocol in respect for the needs of individuals experiencing grief due to the death of a student.

FIGHTING

For the purposes of this policy, fighting is defined as a physical attempt to strike blows or retaliate. Fighting is NOT an acceptable alternative to dealing with disagreements among students. Students are encouraged to seek help from a counselor, teacher, administrator, or parent when problems arise.

In addition, fighting endangers the health and safety of other students and interrupts the learning environment of the school. The following procedure will be used when students are involved in a fight at school or at a school-sponsored extracurricular activity.

*Students using Personal Electronic Devices to record Fights will be considered breaking "Student Behavior Expectations" and "Personal Electronic Device" policy. Those student/s will be given a form of consequence deemed appropriate by the Administration and the device taken from the student as policy states.

Bullying is an ongoing physical or verbal mistreatment where there is: 1) an imbalance of power and 2) the victim (target) is exposed repeatedly to negative actions on the part of one or more students.

Direct bullying is bullying that results in relatively open attacks on a victim (target). Indirect bullying takes the form of social isolation and intentional exclusion from a group.

BUS BEHAVIOR GUIDELINES

Pupils transported in district school buses shall be under the direction of and responsible to obey the bus driver. Riding the school bus will be considered as an extension of the school day; therefore, the rules governing student conduct apply to students riding any and all district school/activity buses. The following guidelines are for use by bus drivers and administration in the event that student misconduct occurs on a bus.

First Offense

Second Offense

Bus driver verbally warns the student. Bus driver informs parents by phone of inappropriate behavior. A Transportation Disciplinary Report filled out, given to a student for parental signature, returned to the driver the next day, filed with the building principal. Principal meets with the student and sends notice home with a letter warning of possible removal of bus riding privileges.

Third Offense

Bus driver verbally warns the student. Bus driver informs building principal - files Transportation Disciplinary Report. Principal contact the student and parent. Student is removed from the bus for one (1) week.

EXTRA-CURRICULAR ACTIVITY RULES

EXTRA-CURRICULAR ADDRESS TO PARENT CONCERNS

Cheylin Junior and Cheylin High Schools will cooperate with parents as much as possible when parents have concerns about the extra-curricular activities in which their children are involved. In order to maintain the open lines of communication needed to maintain a good working relationship between coaches/sponsors, parents and students, the following steps should be followed when addressing those concerns.

Parents should contact the building principal the **day following** the activity and set up an appointment through the principal to talk to the coach/sponsor during the school day. Every attempt will be made by the administration to have the coach available for this conference at the convenience of the parent.

- Coaches should NEVER be contacted during an event, after an event, or at home unless the concern is one involving an injury. Whenever a student is injured, the parent should contact the coach immediately and notify him/her of the injury. **ALL OTHER CONCERNS SHOULD WAIT UNTIL THE FOLLOWING DAY TO BE ADDRESSED DURING THE SCHOOL DAY BETWEEN 8:00 AND 4:00.**
- Parents and coaches are encouraged to be open minded and in the spirit of cooperation be willing to listen and compromise whenever possible. In most cases, very little is accomplished when threats are made and tempers are lost. Everyone involved with these concerns should remember that when parents, students, and coaches work together more can be accomplished than working against each other.
- All parties involved in these discussions should make every effort to understand the views expressed by the other party and be willing to discuss the matter in a civil pleasant manner. In some cases, the end result may be agreeing to the fact that the other party disagrees with you. **RESPECTING each other and their views should be the foremost goal of all parties involved.**
- Understanding that parents and coaches are here for the good of the entire student body and understanding that all are human and will make mistakes will go a long way in solving concerns and improving relationships between coaches, parents, and students.

T - together
E - everyone
A - achieves
M - more

TRAINING RULES FOR SCHOOL ACTIVITIES

All high school and junior high school head coaches or activity sponsors shall develop training rules for each assigned sport or activity. Specific penalties shall be listed for 1st offense training rule violations. Specific penalties shall be listed for 2nd & subsequent training rules violation. The training rules shall be submitted to the board of education for approval at a BOE meeting prior to the beginning of each regular season sports practice. The training rules shall be explained to the participants in a meeting prior to the season. A statement signed by the participant and his or her parent/guardian, acknowledging receipt of the rules, is to be kept on file with the athletic director. Team members may mutually agree to more stringent rules than those developed by the head coach or sponsor.

SCHOOL ACTIVITIES

ACTIVITIES

SCHOOL ISSUED EQUIPMENT:

School issued equipment is assigned to a student with the express provision that it will be maintained in good order and if damaged through carelessness or neglect, the student will be expected to replace or repair the item damaged or lost. All school issued equipment must be returned or paid for after use.

ACTIVITY TRIPS

Students are required to use school transportation to and from all school activities. Students are not allowed to drive personal vehicles. Special exemption to the rule may be granted through prior written parental permission granted by the principal.

If a parent desires their child to ride home with them following an activity, a written request from the parents will be needed PRIOR to leaving the school. The written note removes the student liability from the sponsor, coach and school district and allows the sponsor/coach to be informed of who will be riding on school transportation prior to the actual trip.

If a parent attends the activity and decides to take their child home from the activity but has not given prior notification to the coach/sponsor, the parent MUST MAKE PERSONAL CONTACT with the coach/sponsor before the student will be released.

Parents may not take other students home from an activity unless PRIOR WRITTEN NOTIFICATION has been presented to the coach/sponsor. A parent may not assume responsibility for transporting a student home without PRIOR notification.

STUDENT SPECTATOR BUS

A student spectator bus may be taken to some away varsity athletic events. A report of poor conduct while riding this bus will result in disciplinary action and the denial of the privilege to ride the spectator bus on future trips. Anyone riding the bus to an event MUST return on the bus unless written permission is given by parents to school.

Cheylin District Transportation Rules will be in force at all times for the spectator bus. It is the parent's responsibility to be at the school to pick up their son/daughter upon return to the school from out-of-town games.

FIELD TRIPS

Educational field trips may be taken by classes during the school year under the teacher's direction. Parents/guardians may be asked to assist with these trips. If there are more parents wishing to assist than seats available a random drawing, based on a percentage of students in each class to ratio of available seats, will be used as the selection criteria.

Parents are welcome to follow along in their own vehicles. If the trip destination is outside the school district boundaries, a parental permission slip must be signed for the student to go. Students will be expected to be in attendance for field trips unless they have a legitimate excuse. Because of the exceptional circumstances of out-of-town field trips, students who have difficulty adhering to rules may be directed to remain at school on subsequent trips when their class goes on a field trip.

Example: On June 30, 2025, the Class of 2025 funds would be transferred to the STUGO account.

SPECIAL EDUCATION

Cheylin USD 103 is committed to providing an education that appropriately meets the needs of each student. For some students, supportive educational assistance is needed through special education programs and services. This means that Cheylin will identify all exceptional children and then provide the needed special education for these students in the most normal educational setting possible. Exceptional children are defined as autistic, behavior disordered, deaf-blind, early childhood, special education, gifted, hearing impaired, mentally retarded, other health impaired, physically impaired, severe multiply disabled, specific learning disability, speech/language impaired, traumatic brain injured, and visually impaired.

Cheylin has a comprehensive special education program that adheres to the federal regulations within the Individuals with Disabilities Act (IDEA) and to the Kansas requirements contained within Article 12 of the Kansas Administrative Regulations. The need for these services is determined with parents at each building site. Specific steps in identifying and providing special education services are followed with all parent and student due process rights and confidentiality provided.

If you believe your child may be in need of special education services, you may initiate a referral to your child's teacher or principal. All parents will be informed as soon as their child is referred for one of the special programs. Parents and, in some cases, the child will be closely involved with the school's special service team decision. While parents may request a due process hearing, this is ordinarily not necessary if parents and school personnel work closely together for the child's benefit.

The goal of an appropriate educational program for all exceptional students is a reflection of the philosophy of Cheylin USD 103 to provide quality educational services for all children. For further information concerning the special education programs and referrals, contact your Superintendent of schools, Sherri Edmundson, at (785) 734-2341. You may also contact the Director of Special Education, Kathy Kerstenbrock-Ostmeyer, NKESC at (785) 672-3125. The Kansas State Department of Education also maintains a toll-free number (1-800-332-6262), which may be called for additional information or resource materials on special education services, rights, and procedures.

HUMAN SEXUALITY AND AIDS EDUCATION

A parent or guardian (or student eighteen years of age or older) may use the district opt-out provision to remove the student from some portion or all of human sexuality and AIDS classes included in the district's required curriculum.

Following appropriate review of the curriculum goals on file at the board of education office, the parent or guardian must complete the district opt-out form and state the portion (s) of the curriculum in which the student is not to be involved.

Any parent or guardian who does not want the student involved in all or some portion of the Human Sexuality and AIDS education classes of the district shall be provided a written copy of the district goals and objectives for the appropriate Human Sexuality and AIDS class to which the student is assigned. This information may be provided to the parent or guardian upon request prior to the opening of school. Board Policy IKCA

GRIEVANCE PROCEDURES

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. Whenever a complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to administration for study and possible resolution.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, the treatment or employment in the district's programs and activities is prohibited. Harassment of an individual on any of these grounds is also prohibited. The Cheylin Schools Superintendent, 605 Bird Ave., Bird City, Kansas, (785) 734-2341, has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990. Information concerning the provisions of these acts, and the rights provided thereunder, are available from the compliance coordinator.

Complaints of discrimination or discriminatory harassment by an employee should be addressed to the employee's supervisor, the building principal, or the district compliance coordinator. Complaints by a student should be addressed to the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of discrimination or harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harassed, the complaint shall be reported to the district compliance coordinator. Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. Complaints about discrimination, including complaints of harassment, will be resolved to the following complaint procedures:

INFORMAL PROCEDURES

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of discrimination harassment from a student, another employee or any other individual shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint, and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the building compliance coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the building compliance coordinator, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

FORMAL COMPLAINT PROCEDURES

*A formal complaint to be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violations. If an individual does not wish

to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing a written complaint are available in each building office and the central office.

*A complaint should be filed as soon as possible after the conduct occurs, but not later than one hundred eighty (180) days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis of the complaint is ongoing.

*If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the Superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.

*A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and a copy given to the complainant no later than thirty (30) days after the filing of the complaint.

* If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

* If the investigation results in the recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.

*Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.

*The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, the hearing officer appointed by the board or by the board itself as determined by the board. The request to appeal the resolution shall be made within twenty (20) days after the date of the written resolution of the complaint at the lower level.

* The appeal officer shall review the evidence gathered by the investigator and the investigator's report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within ten (10) days after the appeal is filed. The appeal officer will issue a written

determination of the complaint's validity and a description of its resolution within thirty (30) days after the appeal is filed.

* Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies, including the right to file a complaint with the Office for Civil Rights of the United States Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.
