

Ideas for button taglines for OR

Previously discussed “Ask me about” series and taglines to communicate that “DSpace is not the “old” repository software” and that DSpace 7 is new and exciting; DSpace 7 carries forward important work from previous versions.

- Ask me about DSpace 7
 - Ask me about DSpace (positive)
- New to DSpace (with logo) (inverse)
- I [heart hands] DSpace logo (more #, maybe round, 100?)

INVERTED button colour scheme, to see the difference between the ASKERS and the TELLERS.
