### Learning Objectives

- Identify different categories of students as well as similarities and differences among students

## Directions

1. Think about your favorite class this term and about your fellow students in that class. Make a list of all the similarities with them that you sense, feel, or notice.
2. Then make a list of all the differences between you that you sense, feel, or notice.
3. What do these similarities and differences mean to you?
4. Write a one paragraph summary of your observations.
