Johannes Paulus II
64th Holy Pope of Rome
Anno Domini 1457

Dear children in faith!

Terrific story hath reached my ears in recent moons. There are voices flowing around the Holy See that the greatest of gifts from our Lord in Heavens hath been tainted and desecrated by a bunch of heretics! Sacrilegious scheme plotted by foul devils is muddling the essence of Mah-jonng, the holy tiles. The game hath never intended to be played outside of rules bestowed to us by The Lord. Chained to one winning rule? Honourless and cowardly three against oneth? Pretending to play imaginary role? All that is naught but act of heresy! Beseeched by our Lord in Heavens, Tenhou His symbol, and wielding my powers as His envoy among mortal realm, I hereby announce this decree.

From this day onwards, playing the Mah-Jonng outside of holy rules shall be punished by execution via burning on the stake. No exceptions.

To commemorate such an occasion, within half moon a tournament shall be held on the grounds of Castle Emjaygee. All most brilliant warriors of our kingdom are hereby invited. May the Lord bless your hands.
